

## Senate Adopts New Plan For Congress Districting

### Nebraska Gives Strong Write In Vote To Nixon

WASHINGTON (AP) — Sen. Barry Goldwater was the top vote-getter in Tuesday's Nebraska Republican presidential preference primary, where he was the only candidate listed. But he ran into a strong tide of write-in votes for former Vice President Richard M. Nixon and others.

The Arizona senator was barely scoring the majority of votes his supporters had predicted before the election. He had just over 50 per cent of the vote while Nixon—who in 1960 had the presidential nomination that Goldwater seeks this year—had about 31 per cent.

#### No Competition

Rockefeller had no write-in competition because such votes are not counted in West Virginia.

Returns from 1,455 of Nebraska's 2,148 precincts gave Goldwater 45,255 votes. The write-in votes went this way: 27,314 to Nixon, 14,037 to Ambassador Henry Cabot Lodge, 1,571 to Rockefeller and 983 divided among a handful of others.

In West Virginia, with 1,501 of 2,664 precincts reporting, Rockefeller had 62,426, about 64 per cent of the total vote cast in a lackluster Republican gubernatorial primary.

There were no Democratic preference contests in either state, but President Johnson rolled up a substantial write-in vote in Nebraska. With 1,494 precincts reporting, he had 38,776 votes. Gov. Frank Morrison had 1,862 write-in votes. Atty. Gen. Robert F. Kennedy had 1,363 and Gov. George C. Wallace of Alabama had 799.

#### Best Showing

The vote for Gov. Morrison, who also won the Democratic nomination for a third term, apparently was a gesture to boost his vice presidential stock.

Nixon's showing in Nebraska was by far his best in any of the spring primaries. He is not an announced candidate for the nomination but has said he would accept it.

A last-minute drive for write-in votes, spearheaded by former Secretary of the Interior Fred Seaton found fertile ground in state which gave Nixon his biggest majority in the 1960 election—62.1 per cent.

West Virginia and Nebraska voters named delegates to the Republican and Democratic conventions, and also chose nominees for governor, senator and the House.

It was not known how the six Nebraska and 14 West Virginia delegates will line up at the GOP convention, but Goldwater is expected to lead.

### Romania Frees Prisoners, Seeks Trade With U. S.

VIENNA, Austria (AP) — Romania's Communist regime is reported to have freed between 1,000 and 2,000 political prisoners in what diplomatic sources believe is an effort to improve the climate for trade expansion talks with the United States, which open in Washington May 18.

Romania openly opposes Soviet control of its economy and is eager to develop trade with the West.

### Doctor Wields Scalpel, Wins Fight To Die

ALBANY, N.Y. (AP) — In the very hospital where he had learned how to save lives, a lonely Cuban doctor plunged a scalpel into his heart Tuesday night and won his hours-long fight to die.

Dr. Jose Reposo, 40, a surgeon, began his suicide effort Tuesday afternoon when he slashed himself in the chest and abdomen but inflicted only superficial wounds. Frustrated, he went to a viaduct and prepared to jump 60 feet to the pavement.

Police were summoned. The officers approached the man, who clung to the viaduct railing, his body arched over the street, his toes wedged in bracing outside the railing.

"Don't jump, George," a patrolman cried. "We want to help you."

#### Caught In Net

Reposo clung to the railing about 15 minutes. While police on the bridge held his attention, firemen spread a net below.

A crowd of about 300 gathered. The onlookers watched in silence as the firemen braced for his jump. He relaxed his grip and dropped, arms spread wide, to the street.

Cheers went up as firemen caught him in the quilted canvas net.

"He looked surprised to be alive," said Lt. Howard Turner, one of the firemen. "He said, 'Do you have a cigarette?'"

He told police he was "lonely, very lonely."

Reposo chatted with the attendants of the ambulance that took him to Albany Medical Center Hospital, where he was treated for the chest and abdominal cuts.

Reposo sat on an operating table in the emergency room, talking with a surgeon he had trained with in the early 1940s.

He appeared "rational and lucid," a medical center spokesman said.

#### Heart Cut Open

Suddenly, as the surgeon turned his back, the Cuban snatched a scalpel and stabbed it deep into his chest.

"It was a surgeon's job," the

### Panama Elects Robles; Loser Charges Fraud

PANAMA (AP) — Government candidate Marco A. Robles is Panama's new president-elect, on the basis of nearly complete returns. The pre-election favorite, ex-President Arnulfo Arias, denounced the outcome as a "most scandalous fraud."

Returns from 1,039 of the 1,144 precincts gave Robles an 11,066-vote margin over Arias—124,830 to 113,764. With seven candidates in the field, Robles got about 40 per cent of the total vote.

Arias claimed official figures released by the Election Tribunal were spurious and said the people would not tolerate violation of their will. He gave no indication of personal action to challenge the results of Sunday's voting.

Col. Bolivar Vallarino, commander of the 3,000-man National Guard, was expected to take decisive action against any violent protests by Arias supporters. Vallarino generally is considered an opponent of Arias and is blamed by the ex-president for his ouster from office in 1941 and again in 1951.

The National Electoral Review Junta will meet Saturday to begin a scrutiny of election documents for any irregularities.

### Canada May OK Red China

THE HAGUE, Netherlands (AP) — Canadian Foreign Minister Paul Martin has told the North Atlantic allies that Canada may recognize Communist China next year, Canadian sources said today.

Martin reportedly made clear to the North Atlantic Treaty Organization's foreign ministers that Prime Minister Lester B. Pearson's government is not going to make any sudden, rash moves. The sources said, however, that Ottawa believes the realities of international politics require a new look at Canada's relations with Red China.

The Canadian government, along with the United States, recognizes the Chinese Nationalist regime on Formosa, which holds China's seat in the United Nations.

The sources said Martin told the opening session of the NATO foreign ministers' meeting Tuesday that Ottawa suspects the Chinese Reds ultimately will be seated in the United Nations and it might be better to look now for a long-range solution that would protect Formosa from Communist takeover.

### Flaw Corrected In Detroit Tax

LANSING (AP) — The Senate took steps Tuesday to correct a flaw in the city income tax ordinance it passed last week.

The bill, on its way to Gov. George W. Romney for signature, was pulled back on a 22-10 show-of-hands vote and referred to a conference committee for repair.

As it stands, the bill could prohibit Detroit and Hamtramck from levying the tax for the first six months of 1965—despite the fact that legislators took pains not to disrupt their income levies.

The bill, which limits the tax to one per cent on residents and one half of one per cent on non-residents, provides a city may pass an income tax ordinance by Nov. 1 and have it take effect the following Jan. 1—unless there is a petition for a vote.

In that case, the city must schedule an election in February or March and is prohibited from collecting the tax until the end of the fiscal year in which the election is held—the following July 1.

A section intended to exempt cities that had the tax in effect on Jan. 1, 1964 was reworded in such a way it afforded no protection from the prohibition against collecting the tax before the end of the fiscal year.

### Break Sighted As Compromise Goes To House

LANSING (AP) — A break in the legislative stalemate over congressional redistricting today appeared possible—but still far from a certainty—as the result of Senate adoption of a new plan.

On a vote of 29-4, the Senate late Tuesday passed and sent to the House a modified compromise version of the so-called "Plan C" which the House approved earlier.

This compromise plan, most lawmakers said, would either retain the present ratio of 11 Republicans to eight Democrats in Congress, or possibly, give the Democrats one more seat, based on past voting trends. The compromise would cut only one outstate county line by including two townships of Clinton County in a neighboring district.

#### Ballot Bill Pending

It set the stage for new efforts in the House today toward bipartisan agreement that could send the plan to Gov. George Romney for signature. Such action could meet a full day of closed-door negotiations involving Republicans who drafted the plan and Democratic leaders.

It passed the Senate with no apparent strings attached. But there remained the prospect that House Republicans would insist on adoption of other legislation as a condition for approving the congressional plan.

Still technically alive in the Senate, despite repeated statements by Democrats that it is dead, is a bill to institute the so-called "Massachusetts Ballot."

This bill would abolish the straight party ticket and list candidates by offices sought.

Rep. Henry Hogan, R-Birmingham, chairman of the House Apportionment Committee, said the Senate-approved congressional plan would give Democrats at least one more seat than the House version.

#### "Rebels" Switch

"I suppose we could accept it along with the Massachusetts ballot," he said. "If that bill is dead, then something else must be given."

Hogan is the chief sponsor of "Plan C" which, in all except the southeastern Michigan counties, is identical to the Senate-adopted plan.

With four Democrats casting the only dissenting votes, approval of the bill demonstrated a unity of redistricting not seen in the Senate in recent days.

Joining in support of the plan were the 10 Republican "Rebels" who formed a coalition with Democrats two weeks ago to force another redistricting plan through.

Romney, in a fiery speech at the Republican State Convention Saturday, assailed the rebellious GOP senators as "Quislings" and "know-nothings" who were endangering their party.

Lt. Gov. T. John Lesinski refused Tuesday to concede that the coalition—of which he was a chief architect—has fallen apart.

"Actually, we moved ahead and sent a plan to the House which I hope can be corrected adequately there," he said.

Lesinski said he had reservations that the plan would be acceptable to the House, but told reporters, "I think it forms a basis for further compromise."

House action on the plan is expected Thursday.

#### ONE FOR DEMOCRATS?

LANSING (AP) — Besides extensive changes in southeastern Michigan counties, the congressional apportionment plan adopted by the Senate Tuesday night is identical to the so-called "Plan C" approved earlier by the House.

Outstate districts are those originally drafted under the name of U. S. Rep. Elford Cederberg, R-Mich., of Bay City, and submitted to Gov. George W. Romney's office several weeks ago.

The changes might land at least one more seat for the Democrats in Congress, for a 10-9 split on the basis of past voting patterns.

However, most lawmakers agreed the new plan probably would maintain the present 11-8 split.

GLOBE-CIRCLING Joan Merriam Smith, 27, of Long Beach, Calif., receives flowers from Joseph Tippets of the Federal Aviation Agency as she lands her twin-engine Piper Apache at the Oakland airport. Mrs. Smith's flight around the world was plagued by aircraft troubles and bad weather. On her last and longest hop from Honolulu she experienced difficulties with her right engine and called for a Coast Guard escort from 250 miles at sea. Her route followed the one taken by Amelia Earhart, who was lost in the Pacific. (AP Wirephoto)

### Helluva Way To Cut Weight, Sky Lady Says

OAKLAND, Calif. (AP) — "This is a helluva way to lose weight."

With these words, Joan Merriam of Long Beach, Calif., wrote the end to a chapter of aviation history that began 27 years ago when aviatrix Amelia Earhart disappeared in the Pacific in her attempt to be the first woman to circle the globe by air.

Miss Merriam, 27, landed safely at Oakland International Airport Tuesday after a trouble-plagued 27,750-mile solo flight that traced most of the original route charted by Miss Earhart in 1927.

The mechanical difficulties that troubled her twin-engine plane through most of the globe-circling flight remained to endanger her until she landed at 9:12 a.m.

One of her engines began running rough while she was still 250 miles off the California coast and she required a Coast Guard plane escort into Oakland.

"I thought I'd never see Oakland again," she laughed as she stepped down from her plane to the congratulations of some 400 people.

The weary but smiling Miss Merriam had this advice for anyone considering duplicating her feat: "Buy a ticket!"

### Weather

By The Associated Press

Upper Peninsula — Fair west, partly cloudy east, and cool this afternoon. Quite cool tonight with frost likely, low 27 to 34. Fair and slightly warmer Thursday, high 49 to 56.

Northern Lower Michigan — Mostly cloudy this afternoon with a few light showers, high 50 to 55. Clearing tonight and much cooler with scattered frost likely inland from Lakes Michigan and Huron, low 32 to 38. Thursday, mostly fair and slightly warmer, high 52 to 59.

Southern Lower Michigan — Mostly cloudy with intermittent light showers or possible thundershowers this afternoon, high 54 to 59. Showers ending tonight with gradual clearing expected overnight, low 38 to 43. Partly cloudy Thursday with little temperature change, high 57 to 65. Highest temperature Tuesday, 70, lowest, 59.

Highest temperature one year ago today, 69, lowest, 50.

Highest temperature this date since 1872, 85 in 1879, lowest, 32 in 1912.

The sun sets today at 8:10 p. m., and rises Thursday at 5:18 a. m.

### Tornado Region Public Aid Cut To \$250,000

LANSING (AP) — Gov. George W. Romney said late Tuesday the target figure for public contributions to aid Macomb County tornado victims has been cut by three-fourths—from \$1 million to \$250,000.

He said the reduction was made by officials of the American Red Cross, he said.

The original estimate of \$1 million had been made by Federal officials hours after the tornado struck Chesterfield Township, Macomb County, resulting in the death of 10 persons.

"Since then, Red Cross and public officials have looked more closely at the number of homes destroyed and damaged, extent of coverage by insurance and other contributory factors," the Governor said.

"While the extent of damage remains at the \$8 million level, it now appears that need for contributions from the public will be \$250,000."

Eagles Contribute

Red Cross officials based their revised estimate on a comparison of the Macomb County damage with similar disasters elsewhere.

Despite the reduction, Romney said contributions are still "essential to relieve the human misery created by the tornado and to provide for the personal needs of its victims."

"Contributions are being solicited for food, clothing, shelter, medicine and any essential personal needs."

The tornado relief funds is being administered by the Red Cross and collected by a five-member board of trustees named by Macomb County Circuit Judges.

A \$2,000 contribution to the fund was announced by the Michigan Fraternal Order of Eagles and its auxiliaries.

"Sharps" On Job

D. D. Dunlap of Adrian, state president, and Clarence R. Dalrymple of Flint said the donation will come from the Eagles' own emergency relief fund created as a result of the Flint tornado. Dalrymple is chairman of the Eagles' fund committee.

The \$2,000 donation was described as an "initial contribution."

Macomb County officials said

### Girl, 15, Thrives On Kidney Given By Twin Sister

ANN ARBOR (AP) — Six weeks after receiving a kidney from her twin sister, a once critically ill 15-year-old girl left the hospital today to resume what doctors say will be a normal life. Janice Ottenbacher of Richmond entered University Hospital in critical condition from complete kidney failure last February.

Her twin, Joan, volunteered to give up one of her kidneys to save Janice's life and a successful transplant was performed March 30.

A later operation removed Janice's two diseased kidneys. Both Joan, who returned to school several weeks ago, and Janice will undergo periodic checkups at the hospital.

### Rich Peninsula Copper Find Boosts Stock

NEW YORK (AP) — Stock of Calumet & Hecla, Inc., jumped \$10 Tuesday in the wake of reports of its new copper lode in Michigan's Upper Peninsula.

The Calumet & Hecla stock, most active on the New York Stock Exchange Tuesday, closed at \$27.37 after its big leap.

Market analysts said the rise was probably partly due to Texas Gulf Sulphur Co.'s strike in Canada last month. They said the Texas Gulf strike's excitement probably influenced Calumet & Hecla's trading.

Calumet & Hecla's trading volume was 403,900 shares for the day. The stock opened on a block of 25,000 shares and pushed steadily higher.

Texas Gulf meanwhile fell off \$1 on 202,000 shares traded. This was the second most active stock.

Calumet & Hecla has told stockholders it expects to become a "significant producer of low-cost copper" from studies of a new mine. The company said exploration indicates at least a 10-year reserve of fairly high grade ore (30-35 pounds of copper per ton) at an extraction rate of 3,000 tons of ore a day.

### Fort Unearthed 3000 Years Old

JERUSALEM (AP) — An Edomite fort on the western shore of the Dead Sea that was conquered by King David's warriors nearly 3,000 years ago has been unearthed by an American-backed archaeological expedition.

Dr. Yohanan Aharoni led the expedition, sponsored by the American Institute of Holy Land Studies and the Israeli government's Antiquities Department.

### Revisions May End Stalemate On Civil Rights

WASHINGTON (AP) — Senators and top Justice Department officials planned to take a final look today at a package of amendments designed to break the civil rights bill stalemate.

Senate Republican Leader Everett M. Dirksen of Illinois said in advance of the conference that he was hopeful the proposed changes would lead to action on the House-passed bill.

The key question is whether they will win broad enough support to produce the required two-thirds majority—67 votes if all 100 senators vote—to clamp a time limit on the debate, now in its 54th day.

The amendments were worked out in conferences last week with Atty. Gen. Robert F. Kennedy and his aides. Dirksen said full accord had been reached, except for the exact language.

The principal amendments would revise the sections banning discrimination by employ-

ers and labor unions and by privately owned establishments offering food, lodging and entertainment to the public.

The power of the attorney general to bring injunction suits would be curtailed and states that have their own laws in these fields would be given exclusive jurisdiction over complaints for a limited period.

The next step, Dirksen said, will be to have a conference of all Republican senators as quickly as possible to go over the amendments and find out how much support they have.

"Whether we will have to add to the package remains to be seen," he told newsmen. He said, however, that in discussions he already has had with his GOP colleagues the reaction has been "pretty good."

The Senate held its longest session of the current debate Tuesday, recessing at 12:17 a.m. after meeting for 14 hours and 17 minutes.

# Sanitary Sewer Project Work Scheduled May 28

Construction of approximately 12,000 feet of sanitary sewer lines is scheduled to begin in Escanaba by May 28—one of the largest public projects in the city in many years.

Bids for the project, an Accelerated Public Works Project were opened at a meeting of the City Council in the City Hall Tuesday afternoon. Austin J. Lipsett Jr., Detroit, field engineer of the Housing and Home Finance Agency, represented the federal government.

Four bids were received and after consultation with Lipsett, the city's consulting engineer, Kenneth Buckland, Escanaba, of Northern Engineers, Inc., recommended acceptance by the Council of the low bid of Frank J. Siller, Ann Arbor, Mich.

Siller's total base bid was \$206,723.40. The other bidders and their bids were:

Steve Kakuk, Stephenson, \$228,589; Prokosh Construction Co., Iron River, \$275,717; and Ed Johnson Construction, Marquette, \$282,787.

Siller's low bid was accepted subject to federal approval and under federal requirements for such projects the work must be started by the contractor by May 28.

The bid was well within the estimates for the project, Buckland said. Total estimated cost of the sanitary sewer extension on Escanaba's west side is \$264,000. One-half of this total will be received by the city in a federal grant.

## Women Bankers To Hear Corey

More than 250 women bankers from all over Michigan are expected to attend the 10th annual Bank Women's Conference sponsored by the Michigan Bankers Association, at Boyne Mountain Lodge Wednesday and Thursday, May 20-21.

Many prominent Michigan bankers will be on the business session agenda. Herbert W. Corey, president of the Bank of Stephenson, will discuss highlights of his recent tour of Russia at the Wednesday luncheon.

## Two To Represent KC Council 640

Grand Knight Clarence T. Grabowski and Deputy Grand Knight Donald J. Crawford will be delegates from Escanaba Council No. 640 to the Knights of Columbus of Michigan state convention on Mackinac Island June 4-6 at the Grand Hotel. The sessions will be the 64th annual State Council meeting of the order and an attendance of 800 official visitors and guests is expected.

## No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation...with that restlessness, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Dean's Pills often help by their pain-relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Dean's Pills, get the same happy relief millions have enjoyed for over 60 years. For convenience, ask for the large size. Get Dean's Pills today!

## Webster Rec Program Ends

The Webster School recreation program will close Thursday after another successful season. The program is sponsored by the City of Escanaba in cooperation with the Escanaba Area Public Schools.

Activities were conducted under the leadership of Roy Hivala and Erwood Slade of the staff of the local schools. These included basketball, dancing, weight-lifting, bumper pool, table tennis, tumbling, and gymnastics.

The center was especially well-attended during the past year and has been operating a week later than in previous years because of its attendance level this month.

## Police Seek Tools Stolen In Baldwin

Walter Bachall of N. 16th St., Gladstone, reported to Gladstone State Police on Tuesday that parts of his chain saw and wood cutting tools to a total value of \$57 were stolen Monday night from the place where he is working in the woods in Baldwin Township. The police are investigating the larceny.

## Board Hires New Teacher

The Escanaba Area Public Schools this year has the smallest teacher turn-over in many years, with few vacancies occurring and only seven more teacher positions yet to be filled for the coming school year.

Supt. Walter Bright told the School Board in meeting last night that he found it difficult to obtain teachers for Escanaba from Lower Michigan. Although salary schedules are equal, there is a reluctance expressed by teachers to coming to the Upper Peninsula, he said.

He suggested that this unfavorable "image" might be corrected if Upper Peninsula young people who leave the Peninsula for careers elsewhere would be prepared to give accurate and favorable information about their native region. U. P. natives are most likely to fill U. P. teaching positions, he added.

The board of education on the recommendation of the superintendent approved a teaching contract for William Krieger, who will receive his degree this year from Northern Michigan University, to teach Senior High School physics and science. He was born in Ohio in 1959 graduate of Sault Ste. Marie High School, and attended Michigan Tech at the Soo and Houghton for two years.

Krieger will fill a vacancy caused by the absence of Robert Slade, who will study next year at the University of Pennsylvania under a fellowship grant.

In other business the school board received copies of Junior Hi-Lites for 1964 and praised staff and students for their production of the annual of more than 30 pages.

**ELECTED** regional vice president of the Michigan State Association of Life Underwriters is Burton H. Butler, Escanaba representative for the Prudential Insurance Co. He was elected to the position on Tuesday at the annual convention of the association in Detroit.

# Straits Ferry Case In Court

GRAND RAPIDS (AP)—U.S. District Court here was a sounding board today for a Michigan call to preserve railroad ferry and freight service for much of the state.

Judge Noel P. Fox presided over Atty. Gen. Frank J. Kelley's suit for an injunction to force continued operations of the ferry, Chief Wawatam, beyond May 24 at the Straits of Mackinac. Mackinac Transportation Co. operates the ferry.

Kelley called the lawsuit "an important first step in our fight to keep the railroads running in our state."

He said "It is our view that continuance of this ferry service is a key element in our fight to prevent abandonment of hundreds of miles of Michigan's railroads."

The Coast Guard set May 24 as deadline for boiler repairs to be made on the Wawatam or stop its service.

Gov. George W. Romney entered the picture Tuesday with telegrams to President Johnson and the Coast Guard in Washington asking a deadline extension of six months.

The Wawatam links Michigan's peninsula by serving as a railroad freight crossing of the straits between Mackinaw City and St. Ignace.

Its operators claim repairs would be too costly and have petitioned the Interstate Commerce Commission for permission to abandon the service.

The attorney general represents the Michigan Public Service Commission and civic groups who oppose the petition.

Two previous requests to extend the vessel's operating certificate were rejected.

"If abandonment of this service is permitted," Romney's telegrams said, "Michigan's entire Upper Peninsula and much of northern Michigan will suffer economic loss. Michigan's humane and economic needs demand continuation of this service."

Three railroads—the Pennsylvania, New York Central and the Detroit & Mackinac—seek ICC permission to abandon some 343 miles of northern Michigan track if the ferry quits. They claim they would suffer financially without the straits link.

The ICC has set July 8 for a hearing at Cheboygan on all the petitions.

Mackinac Transportation Co. is operated jointly by the Pennsylvania, New York Central and Soo Line railroads.

## Woman Injured As Car Crashes Ditch On M-35

Mrs. Edith Ara, 61, of Lincoln Park, Mich., is under treatment in St. Francis Hospital today for injuries suffered at 6 p. m. Tuesday when the car in which she was riding went out of control and crashed into a ditch on M-35 at the intersection of Delta County Road 632 in Baldwin Township.

Gladstone State Police reported that the car was being driven north by Mrs. Mabel Spade, 56, of Wayne, Mich., when it ran off the edge of the black-top pavement in an area with a low spot on the shoulder and careened across the highway out of control and into the ditch. Mrs. Spade was not ticketed.

The other occupants of the car were not injured and the car was not damaged seriously. Mrs. Ara was thrown from the back seat and injured. Her condition was reported as good today.

## Miss Eastin Wins Scholastic Honor

Miss Gretchen Eastin, a student at the University of Wisconsin, was recently honored at the annual honors banquet given by Elizabeth Waters Hall. The banquet recognizes girls receiving a 3.25 or better grade point average for the previous spring or fall semester.

Miss Eastin is the daughter of Mr. and Mrs. George Eastin, 808 S. 13th St. She received a 4.0 grade point for the fall semester. She is a graduate of Escanaba Area High School.

## Rocket Escape System Tested

WHITE SANDS MISSILE RANGE, N.M. (AP)—The fiery explosion of a Little Joe II rocket shattered the early morning calm today in a test of the Apollo moon spacecraft launch escape system.

Early indications from National Aeronautics and Space Administration officials were that the test, the first of five of the Apollo escape system, was successful. It had been delayed 24 hours because of winds and dust storm Tuesday.

Little Joe II blasted into the sky about 6 a. m. (MST) from a cloud of dust caused by the rocket's seven solid fuel engines, generating more than 300,000 pounds of thrust.

Climbing to 22,000 feet altitude in about 30 seconds, the 86-foot tall vehicle stacked with boilerplate models of the Apollo command and service modules, reached a maximum aerodynamic stress period at the time of the explosion that was set off by ground signal.

At the same instant, explosive bolts separated the command module from the disintegrating rocket and the 155,000-pound thrust escape rocket fired, carrying the command module another 4,000 feet higher.

Safely away from the explosion, the command module, which will carry astronauts to the moon, separated from the escape tower.

About 7 1/2 minutes after the firing, the command module, suspended by parachutes, floated to the desert floor about five miles from the launch site.

## Wells Lions Club Names Officers

WELLS — At the last regular meeting of the Wells Lions Club the following officers were elected for 1964-65: King Lion, Robert Pearson; first vice president, Dwayne Burak; second vice president, Tom Carmody; secretary, Robert Curtice; treasurer, Albert Grau; Tail Twister, Emil Christensen; Lion Tamer, Robert Engdahl.

**Breakfast Sunday**

The men of St. Anthony's parish will be hosts at a Communion breakfast for their wives and daughters after the 7:30 Mass, Sunday, May 17. Those planning to attend should inform their Circle chairman by Wednesday.

**CYO Meeting**

St. Anthony's CYO will hold its final meeting of the year Wednesday night. All high school students are asked to attend.

## Briefly Told

Gladstone State Police Tuesday ticketed: Arnold Johnivan, Route 1, Escanaba for disregarding a stop sign; Clarence Sundquist, Route 1, Escanaba, for no operator's license; and Fred Kossow, Route 1, Gladstone for a defective muffler.

No motor vehicles are allowed inside the walls of the city of Dubrovnik, Yugoslavia, according to the Encyclopaedia Britannica.

## FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

# Heavy Rain Is Kink In Fishing

Continued heavy rain the past week did not aid the fishing success the Conservation Department reports. Trout fishing remains slow in the Escanaba area due to the high water. There have been periodic catches of perch at the entrance of the Yacht harbor by boat fishermen and this should improve if the weather warms up. The sucker run on streams in the area is about at an end—many persons enjoyed spear fishing for the species and many back yard smoke houses were in use the past few days.

Walleye fishing on the Escanaba River below U. S. 2-41 highway bridge was fair the past weekend and should improve this week. Two three-pound walleye were observed taken on this water on Monday.

Persons are reminded that taking of northern pike and walleye pike in the Escanaba Yacht Harbor is unlawful at this time as season opens on these waters on May 21. Also, the black bass season is closed on all waters until June 1.

In the Gladstone area perch fishing has been fair in Little Bay de Noc, but very little interest has been noted. Trout fishing is poor due to high waters but streams have been lowering somewhat in the past few days.

In the Nahma area trout fishing on the streams has been slow due to high water and is expected to be good as soon as the water returns to normal. Perch fishing at Garden has been poor. Fish taken have been large, however, the numbers taken is small.

In the Ensign area high water on all streams has resulted in poor fishing conditions. Suckers are still in streams as of the 11th but run is not expected to last much longer.

In the Trenary area Big Trout Lake, north of Little Lake, is still producing some rainbow trout with worms and spawn being the best baits. Also some rainbow taken on Sporey Lake with best results noted by boat fishermen. Chocolatey River and tributaries in the Carlsend area of Marquette County are giving up some brook trout on worms and wet and dry flies.

Stream fishing improving steadily with some nice brook trout being taken from the west Branch of Whitefish River, Scott Creek and Dexter Creek on worms and wet and dry flies in Alger County. Some 12-13" brookies are being taken.

In the Chatham area light catches of rainbows were made at the mouth of the Rock River and on the Laughing Whitefish River north and south of M-28. Smaller bows taken from the mouth of the Slapneck Creek and off the dam at Forest Lake. Very light catches of brooks made on all area streams with no stream producing any real good catches.

## May In The Peninsula

The pussywillows of late March and of April stand timidly in the ditches and lowlands to remind you that spring is making, but they never give you a yellow bang in the eye like the cowslips or the dandelions to tell you that spring is here and bustin' out all over.

They're both in bloom across the Upper Peninsula now and the dandelions may not gladden the hearts of lawmakers, but they brighten the hearts of children. The kids still go about like their grandparents did holding a bright yellow head under a chum's chin to see if "he likes butter." And unless he's deep down in yellow jaundice and beyond reflecting anything but a headlight, he always does.

The dandelion at this time makes it appear that he has destroyed many public park lawns, but he's only in his spring showoff stage and he'll shrink back later in a repentant state.

The lowly cowslip put on airs in the flower books and masquerades as "marsh marigold" but it cannot fool a country lad. It is a lush flower and a boiling green to boot, to gladden esthetic utilitarians. If Popeye the Sailor were to pick a favorite flower it would almost certainly be the bright yellow cowslip, which fills so many miles of Peninsula roadside ditches these days with its canary yellow bloom.

The forests are a glory now. The conifers are sticking their dark tops through a canopy of light, bright new greens like raisins in a pudding. The maples have shed their red buds and are now in the latest of new lingerie. The poplars are adroop with reddish catkins that precede their leaves.

And the grasses are so green they dazzle. They cover the hills with emerald and horses know it and they run more than at any other time of year. Even those waiting to be eaten by the foxes seem to manage a spavined gallop to welcome the spring. The calves are here and tagging after their mothers.

All of a sudden it seems that the groundhogs are erupting in population like humans. They stand beside the roads to see the cars go by and many are killed by traffic. Many farmyards have piles of newly peeled cedar posts, drawn into spring brightness. The arbutus is in bloom and the hepatica and mayflowers. And the first trilliums are out.

Washing flies on many clotheslines with a new zest. In the winter it cracked and flapped rather vainly, trying to break its icy stiffness, but now it whips like penants on tournament day.

The popple bark is loosening and the annual cutting has started and the first naked trunks are on the forest floor. The lime trucks are busy and the feed stores are hauling fertilizer and fields are being seeded. The birds are nesting already. The fishermen are in the creeks spearing suckers on their spawning runs and the squeamish are looking for the first woodtick. The marshes still are sear and the cattails haven't changed models yet, but spring is far along, with the shadbush beginning to bloom and the other blooming trees making ready.

It is the time of greens. They range from the dark of the pines and hemlocks, the firs and spruces to the pastels of the early hardwood foliage and on to the impossible chartruse of millet in dairymen's fields. Wherever you look there is beauty and if you don't respond to it you'd better ask the sexton for prices.

## The Doctor Says: Public Misunderstands

By Dr. Wayne G. Brandstadt.

Along with the tragic events in Dallas there has come a great deal of speculation about the relationship between epilepsy and crime. To put the matter as simply as possible, there is no relationship. Nor is there any relationship between epilepsy and mental deficiency or insanity.

A false idea got started years ago. It was based on inadequate observation, and it has been very hard to stamp out.

It is as though a criminal or a mental defective was found to have diabetes (and many of them do). Then, as a result, we were to say, "Well, you know how it is with these diabetics!"

As a matter of fact a large group of criminals in Massachusetts were studied and not one of them was found to be epileptic. There are about 1.8 million known epileptics in the United States whose seizures

are well controlled with the newer anticonvulsant drugs. Yet, because of ancient fears and prejudices, they suffer unnecessary handicaps. They often find it hard to get employment in spite of the fact they make good and safe workers.

They may also have difficulty being accepted in schools and colleges despite outstanding mental ability. They may in some states be barred from marrying although their disease is not directly transmissible to their offspring. When an epileptic does have emotional and behavior problems, it is often due to overprotection by loving but misguided parents, social rejection and other undue hardships heaped upon them by a poorly informed society.

Finally I would like to say a word for those unfortunate persons who have mild forms of epilepsy that go unrecognized as such. They go through life branded as ill-tempered, irritable or "difficult" when a simple brainwave test would put them on the track of proper treatment.

Anticonvulsant drugs have made enormous improvements in the dispositions of children who had been having a hard time with their classmates, teachers and parents until a wise doctor had the insight to order an electroencephalogram—the test which reveals the abnormal brain waves of epilepsy even when the victim is not having an attack.

Untreated epilepsy will not account for all the misfits but its discovery and treatment will reduce their number.

**SPEEDING WITH A SAIL**  
MIAMI (AP) — Thirty-eight-year-old Jerry Chapin of Miami is a severely paralyzed polio victim but is nationally known puppeteer.

He and his wife, also a puppet expert, frequently present road shows and once staged a performance at the White House for Caroline Kennedy.

However, Chapin has one blot on his record. He once was arrested during a hurricane for speeding in his wheelchair — which was equipped with a homemade sail!

## Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Forty-five per cent of editors who venture opinions on the matter say Ambassador Henry Cabot Lodge will win the May 15 Oregon presidential primary against a field of five.

Some 38 per cent think Arizona's Sen. Barry Goldwater, presently the overwhelming front runner in national convention delegate strength, will win the Oregon test and its prize of 18 votes.

These are among additional major findings taken from Newspaper Enterprise Association's first 1964 political poll of editors of its several hundred daily newspaper clients.

As for the June 2 California primary, where 86 delegate votes go in a block to the winner, 76.6 per cent of those voicing a preference believe Goldwater will be the victor.

The rest, of course, give the honors to New York's Gov. Nelson Rockefeller, the only other candidate on the ballot.

There can be no write-ins in California for Lodge or anyone else.

Most political observers have felt that if Goldwater wins both Oregon and California, his nomination on the GOP ticket at San Francisco is assured. Many feel a California triumph by itself is enough to put him over the top if he holds at his current estimated levels.

Nevertheless, 62 editors who think Goldwater will win both the Oregon and California primaries say the nomination ultimately will go to another candidate—either Lodge, Richard Nixon, or Gov. William Scranton of Pennsylvania.

In tallying Lodge the likely Oregon winner by a fairly close numerical margin—121 to 102—responding editors were in tune with the latest public opinion surveys within Oregon which show the ambassador drawing upward of 40 per cent of the GOP popular vote.

In California, similar polls show Lodge—not on the ballot—leading Goldwater by several points.

Editors from the Midwest contributed nearly a third of Lodge's total in the NEA survey on the Oregon primary. The South, the Pacific coast and the Middle Atlantic area followed in that order.

Goldwater's support also comes markedly from the heavily responsive Midwest, from the South, and from the Plains states.

Only 11 editors think Rockefeller can take first place in Oregon, and four of these speak for Pacific coast newspapers.

Nixon, newly cranked up with an organizational effort in Oregon and the lead choice of NEA client editors to gain the presidential nomination, is the pick of 29 editors to win the Oregon affair.

In the sampling on the California primary, Goldwater pulled a third of his support (as probable winner) from midwestern editors, 22 per cent from the South, 11 per cent each from the Plains and Pacific coast areas.

Only in the Middle Atlantic states do as many as a third of responding editors give Rocky a chance to win in California. In the South, just 17 per cent think he can bring that one off.

Jack McHenry, editor of the Bremerton (Wash.) Sun, who picked Lodge to win in Oregon, comments:

"My hunch is that Lodge is giving the Republicans the break they needed—by staying out of the country and letting others pound the streets for him."

William G. Kreger, managing editor of the World in Coos Bay, Ore., was among those who maintain that Goldwater will take the Oregon delegates May 15. He writes:

"As of now, Goldwater seems to have the edge in our opinion, primarily because of his state organization support."

A California editor says of Goldwater in his state:

"He is going to win hands down unless Rockefeller comes up with a lot stiffer campaign."

**SCOFF LAW**

ASHLAND, Ky. (AP) — Richard Sutton of Ironton, Ohio, recently was jailed at Ashland until he paid \$137.50 in fines for 31 overtime parking tickets. In sending the man to jail, the judge said the case involved "the most flagrant violation ever to come before this court."

James T. Sharpsteen of Escanaba has been appointed county road engineer to succeed R. P. Mason, who recently resigned because of poor health. He will assume his new duties at once.

## Ask The Dentist

By Alfred E. Seyler, D.D.S., and the Michigan State Dental Association

Q. Some time ago you described an "implant denture service" imbedding metal pegs in the jawbone. I will need my teeth extracted soon and dread the idea of having two plates which must be taken out to be cleaned or adjusted. The possibility of having artificial teeth imbedded in the gums appeals to me. Would an oral surgeon do this? Also, can you tell me something about the cost? A.N.G.

A. I'm afraid you have a misconception about implant dentures. The service you refer to provides you with dentures which are the same in appearance as any other dentures. They must be removed for cleaning and possible adjustment. An implant denture consists of a metal meshwork with four abutments or pegs. The metal meshwork or base, rests directly on the jaw bone like a saddle on a horse's back.

It is covered by gum tissue and fastened to the jaw bone with screws which hold it securely in place. Only the four metal pegs, properly called abutments, emerge through the gums, like four stainless steel teeth. However, no artificial denture teeth are imbedded under the gums. Only the metal frame is attached to the jaw bone.

The artificial denture teeth are baked onto another metal frame, called the superstructure, which slides over the four abutments, providing retention and stability. My consultant in implant denture techniques advises me that implant dentures for the upper jaw are still in the research phase, and that the most successful implant dentures have been made for the lower jaw.

Implant denture service is not ordinary denture service. It should be done only by a dentist well trained in that field. The surgical procedures are not usually done by an oral surgeon, but rather in the office of the dentist who renders the service.

I would say that no implant denture should be attempted without first trying to solve the problem with an ordinary, conventional denture. Furthermore, at least one full year should have elapsed since the last tooth extraction. The cost of an implant denture is considerably greater than that of an ordinary denture, for obvious reasons. No two cases are exactly alike and the fee would depend upon the services which would be necessary for each individual patient. In my opinion the lower implant denture may be the choice in difficult cases which cannot be satisfactorily treated by the usual lower denture, but each case should be thoroughly studied, evaluated and explained by the patient before any such involved work is begun.

Q. Is it safe to use an electric toothbrush on a three-year-old's teeth?

A. If the electric toothbrush is free from danger of shock and a soft bristle brush is used carefully, I think a parent could safely use it to brush the teeth of a three-year-old. However, it has been my experience as a parent that using an ordinary "hand powered" toothbrush is plenty difficult at times in the mouth of a small child and I wonder whether the motor-driven brush might not frighten the child and make toothbrushing a real chore for all concerned!

## State Briefs New Keweenaw Copper Lode Has 10-Year Reserve

LANSING (AP) — Gov. George W. Romney has proclaimed June 21-27 as Amateur Radio Week in Michigan. Romney asked for recognition of some 5,000 Michigan amateur radio operators who are allied with Civil Defense and ready to serve in the event of any emergency.

LANSING (AP) — The cornerstone for a new National Guard headquarters armory will be laid at Lansing Friday with the raising of a flag flown over the nation's capital at Washington, D.C., opening the ceremony. The armory will house the state military establishment and five headquarters units of the National Guard, previously in rented quarters.

LANSING (AP) — Gov. George W. Romney has proclaimed Thursday as Women's Army Corps Veterans Day in Michigan to mark the 22nd anniversary of the Corps and salute its women veterans.

MASON (AP) — Charles F. Hoffman, 33, of Lansing, was sentenced to 15 to 25 years in prison Tuesday in the fatal shooting Nov. 7 of Marion Bodo of Lansing, alleged auto thefts accomplice. Hoffman, convicted of second degree murder, pleaded self-defense.

DETROIT (AP) — Crime in Detroit dropped 14.8 per cent in April as compared to the same month last year, police reported Tuesday. It was the first monthly drop since last November.

CALUMET (AP)—Calumet & Hecla Inc. reports that a newly discovered lode in Michigan's Upper Peninsula will make the company again "a significant producer of low-cost copper."

Explorations to date, the company said, indicate at least a 10-year reserve of high-grade ore running 30 to 35 pounds of copper per ton.

One of the richest mines ever found in the Michigan Copper Country was the old Quincy, which averaged approximately 35 pounds of copper per ton of ore. The big White Pine near Ontonagon averages about 21 pounds per ton.

Calumet & Hecla, which operates six mines in the Keweenaw Peninsula and processes from 4,800 to 6,000 tons of ore a day, disclosed first details of the so-called new Kingston lode in a quarterly report to stockholders.

Production By 1965  
It said the 10-year reserve estimate for the new lode was predicated on the mining of 3,000 tons of ore a day, and added that "actual reserves are undoubtedly greater."

C. & H. also reported that development work is continuing at depth at Continental Mine on the Calumet conglomerate lode and said "investigations to date confirm the presence of a major copper deposit of better than commercial grade."

Newsman were unable to get

any immediate company elaboration on the company's report to stockholders.

The report said in part: "Every indication points to the fact that Calumet & Hecla, in the near future, will again become a significant producer of low-cost copper."

"Development work on the newly discovered deposit of the Kingston conglomerate lode has disclosed adequate reserves of high-grade copper sufficient to open up a mine at this location. It is planned to have this mine ready for initial production by mid-1965 and reach full production capacity early in 1966..."

**Outlook Bright**  
"The opening of these two properties will permit us to shut down all high-cost, marginal mines now in operation and permit the copper mining operation of the Calumet division to make a major earnings contribution once these mines are brought into production, and will extend the life of the operation for many years."

"Asked whether recent copper discovery in Canada would have any impact on Calumet & Hecla, Mr. (President H. Y.) Bassett said that we are now in competition with low-cost open pit mines, and the discovery of a new one should have no effect on us."

"Consolidated net income for the first quarter of 1964 was \$888,646, which, after preferred dividends, was equivalent to 39 cents per share on 2,150,500 shares outstanding at the end of the quarter. This compares with \$309,739 for the first quarter of 1963, or 12 cents per share."

"After three very disappointing and discouraging years, we feel we have definitely turned the corner. Our copper mining operations, which for many years have been a serious problem to us, appear to have developed new potential which should put these operations in a position to make a major contribution to earnings within the next two years..."

## BARBS

By HAL COCHRAN

A preacher says that marriage broadens a woman and we'd like to add that it makes the man short.

We're for the kids flying kites if it will make grownups look up.

There still is no place like home until vacation time rolls around.

## Ann Landers

## Suffering Boy Outfoxes Mom

Dear Ann Landers: Two weeks ago our 12-year-old son had to stay after school because he talked in class. Since it was Clinton's second offense my husband insisted that he walk home. (I usually drive him.)

I didn't say anything even though it suddenly turned cold and windy. About five-thirty I began to worry. Clinton should have been home by five. I got in the car and began to look for him. I found the boy halfway between school and home. (We live a mile and a half from school.) He was cold and exhausted.

When my husband saw us get out of the car he was furious. He insisted I should not have gone to get the boy and that he should have taken his punishment. Please tell me if I was wrong to go after him.—CONFUSED

Dear Confused: Do you honestly believe that your son would have suffered if he had walked ALL the way home? I do not.

Clinton out-foxed you, mom. He knew if he poked along you would worry. He was getting even with you for making him walk and he also figured you'd come looking for him. He was right.

It's too darned bad that a mile and a half walk is considered punishment these days. Clinton would be better off if he walked it every day. Why don't you let him?

Dear Ann Landers: My husband and I moved to this city about six years ago. We have made some fine friends. One woman, a widow of whom I am especially fond, confided in me several weeks ago that she has offered to help her step-brother who has had a lot of hard luck. He moved into her lovely home and assumes that her friends are automatically his friends.

He calls himself a poet and refuses to take a steady job because it might interfere with

his "creative genius." His clothes are disreputable and he doesn't know what a comb is. He uses terrible language and if anyone shows signs of annoyance he says, "If you've never heard that word before it's time you did."

We don't want this man in our home and we have told his step-sister how we feel. She says she cannot leave him when she goes out socially. What shall we do?—KITCHENER

Dear Kitch: Tell her you'll miss her, and to let you know when Longfellow moves out.

Dear Ann Landers: A boy I will call Frank is awfully nice but he is deadly dull. I had two dates with him and both nights I was so worn out from trying to keep the conversation going that I felt as if I had worked a double shift in a hand laundry.

Frank has asked me out three times since that last miserable date and I've told him that I am busy. (Twice I really was busy and once I lied.) I've made up my mind that I will not go out with him again but I don't know how to tell him to stop calling. I hate to be cruel but he just won't give up. Can you help me?—POLITE AND PAINING

Dear Polite: You can't tell a boy that he is deadly dull and to please stop calling you. The next time Frank phones, offer to fix him up with a friend of yours whom he does not know. Think of a not-very-popular girl who would be happy to have a date. (The woods are full of 'em.) Frank will then not feel totally rejected and who knows, they may even like each other.

Ann Landers' frank and informative new book, "Teenagers And Sex" (\$2.95), is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## By Jimmy Hatlo

# Students 'Run' City For A Day

A study of city government by students of the Escanaba Area High School government students culminated in Student Government Day on Tuesday, when 20 of the students moved into various city departments for first-hand observation of municipal government in operation.

The activities attempted to parallel as nearly as possible the actual operation of city government, beginning with a detailed study of the Escanaba City Charter by all government students.

This year, for the first time, each student had available for use a copy of the City Charter. They were duplicated by the city manager's office on paper furnished by the Mead Corp.

A board of election commissioners consisting of representatives from all government class sections composed of Walt Lewke, chairman; Gary Stewart, vice chairman; Bill Mieski, Ed Bergeon, Ted Soucie, Sue Roberts, Audrey Olson and Linda Sundelius was appointed to conduct and supervise voter registration and the nomination and election of five Council members and a municipal judge.

There were nine candidates for the five Council seats, and three for municipal judge. Elected to the Council were Larry Pepin, Linda Sundelius, Mary Coon, Lois Carlson and Glenn Fleetwood. Tom Vader was elected municipal judge.

The Council met and elected Larry Pepin mayor in accordance with the custom of the City Council; and appointed Kay Christensen city manager, Richard Chern city clerk; and Kenton Anderson city assessor.

As provided by charter, the manager appointed department heads: Diane Hall controller, Dale Bjorkquist engineer, Sam Oslund chief of police, Carol Johnson fire chief, Karyl Johnson director of public works, Kelly Ray recreation director; John Hebert electric department superintendent; Judi Paulson superintendent of gas and steam, and Nancy Thompson purchasing agent.

Students rate the city government day experience one of their most valuable activities of the semester course in government. The program has received the fullest cooperation of city officials and employees and was started more than 20 years ago.

## More Next Year

On Tuesday afternoon Mayor Pro-Tem Glen Moreau welcomed the students and encouraged them in their interest in better local government, and Councilman H. George Nelson suggested that the students would find it a continuing benefit if they returned when the Council meets the first and third Thursday of each month.

Tuesday morning the student "Council" discussed and acted on matters of public interest ranging from the purchase of an automobile for the fire chief to the region's need for natural gas.

Several of the Councilmen and the students lunched at noon at the House of Ludington and the students then returned to the City Hall for an afternoon of reports from department heads, observing the "real" City Council act on sewer project bids in a special session, and then to tour city installations.

Next year all Escanaba Area High School students will be required to take a full year of government, said Mrs. Elnora Vader, instructor. Plans are being formulated to give more students first-hand knowledge of government in operation.

AREA HIGH School students elected and appointed to Council and administrative positions are (from left) Kay Christensen, manager; Richard Chern, clerk; Mary Coon and Lois Carlson, City Council; Mayor Larry Pepin, and Glenn Fleetwood and Linda Sundelius of the Council. (Daily Press Photo)

## Baptist Mission Minister Dies

The Rev. Charles E. Hayton, 59, resident of Escanaba since last August, died May 7 at McLaren Hospital in Flint. He had been in ill health the past two years and seriously ill the past three months.

The Rev. Hayton was a missionary under the Hiawatha Land Independent Baptist Missions, with headquarters in Escanaba, for the past seven years. He served Trinity Baptist Church at Mass, Mich., until his health forced him to resign. Mrs. Hayton has been working in the Hiawatha Land Missions office since August of last year. They resided at the Escanaba Trailer Court.

Rev. Hayton was born Jan. 6, 1905 in Lancashire, England. He was employed for many years by General Motors in Flint before becoming a missionary under the Hiawatha Land Missions. He is survived by two sons, Sidney of Minneapolis and Robert of Bancroft, Mich., and one daughter, Mrs. Clayton Yaster of Montrose, Michigan.

The funeral was held Monday, May 11, at 2 p. m. at Byron Baptist Church of Byron, Mich. Rev. and Mrs. Guy E. King of Escanaba, and Rev. Martin Strolle of Wells attended, as well as other Hiawatha Land missionaries from Michigan and Wisconsin.

## Overdue Book To Be Penalty Free

Because of a cut in staff appropriation by the City of Escanaba in the Escanaba Carnegie Library budget, the library board of trustees is studying a change in library scheduling to provide maximum service with a reduced staff.

The city struck one clerical worker from the library's appropriation in the proposed budget for the 1964-65 fiscal year. The summer library schedule will provide more evening hours than in other years, but a little less daytime service. The proposal: Monday 9 a. m. to 9 p. m.; Tuesday through Friday, 9 to 6; Saturday 9 to noon.

The library board of trustees meeting Tuesday night approved a change in book overdue notice. Three notices have been given. Hereafter only one notice that the book is overdue will be given under a new book charge system to reduce clerical work. Books, except special 7-day week, may be withdrawn for four weeks.

The charge system now requires one worker to spend about 20 hours a week keeping the cards up to date. The week May 23-29 has been designated as Overdue Book Week and books may be returned in that week without any fine.

Circulation of books at the library is running about 29 per

## Rags To Riches Project Closes On Success Note

The Rags to Riches drive is closing on a note of riches with most of the rags disposed of to the benefit of the fund to aid children of underprivileged families with dental care and to help finance the Day School for Retarded Children.

The project is sponsored by the Exchange Club and the Aqua-Nuts water ski club.

About 1,000 pounds of rags have yet to be sold and the project will then be concluded with a report of the amount raised for the worthy causes. The project was concluded one month from the day it opened.

Rags were contributed to the drive throughout the county and were then processed for sale to industries and business houses. Last group of volunteers to work in cutting buttons and zippers from the used clothing was a group of Brownies, Mrs. Steve Fraddo leader, who worked last evening.

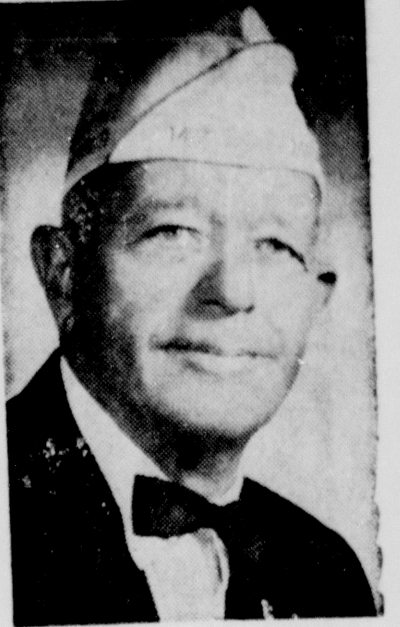

Vermont is the only inland state in New England.

## Legion Chief To Visit U.P.

A crowd of 15,000 persons is expected to attend Armed Forces Day at K. I. Sawyer Air Force Base Saturday, base officials said this week.

C. Oscar Hammond, state commander of the Michigan American Legion, will attend the Air Force Base observance of Armed Forces day. He will land at the Marquette County Airport at 4 Friday and will be met by a delegation including Legion officials.

Hammond, who will be a guest of Colonel Frederick Rampull, commander of the 410 Bombardment Wing at Sawyer Air base, will tour the base on Armed Forces day as well as participate in interviews.

Commander Hammond

## Two Charged With Beer Theft At Bark River

Ronald Tippet, 19, and Thomas Perryman, 19, of 1008 9th Ave. S., will face Municipal Judge James Fitzharris Friday charged with theft of a half barrel of beer about midnight last Saturday from the Community Hall at Bark River, where it had been delivered for a celebration.

The keg was taken out through a window and placed in a black pickup truck which Sheriff Cully Johnson said was identified by witnesses as Tippet's. He and Perryman operate a gas station in Bark River.

The keg was dumped from the truck about a block from the hall, untapped. Tippet and Perryman were arraigned today before Judge Fitzharris and pleaded not guilty.

## Luther League Program Tonight

RAPID RIVER — Luther League of Rapid River Calvary Lutheran Church will meet at the parish hall tonight (Wednesday, May 13) at 8. A program will be presented by the Luther Leaguers entitled, "Are You Rootin' or Hootin' Evolution?" The team with the highest attendance record for the year will be treated with lunch at Jack's Restaurant.

## Summer Session

MARQUETTE — Over 1,200 are expected to attend the Northern Michigan University summer session undergraduate and graduate programs which will be held June 22 to July 31. In addition to post-session workshops, 47 undergraduate and 100 graduate courses will be offered.

## Resorts To Get Liquor Permits

LANSING (AP) — A bill to provide 50 more resort liquor licenses over the next five years will become law without Gov. George W. Romney's signature, executive office sources reported today.

The bill provides for the increase as a "pilot program" to determine the impact of more licenses on the economy of the state's resort areas.

The bill has been opposed by the Michigan Temperance Foundation and church organizations. It passed both houses of the legislature with bipartisan support.

The Liquor Control Commission would determine eligibility of applicants for the licenses which would cost \$375 apiece. Of the fee, 15 per cent goes to the state and the rest to local governments for enforcement.

In addition to providing for 10 more licenses per year over the next five years, the bill would extend from nine to 10 months the period the licenses are valid in one year.

**SHAKY WORLD**—Superimposed over a map of the world are the earthquake belts, those areas where earthquakes are most likely to occur. This map was evolved through the years largely through the efforts of men such as P. de Montessus de Ballore who plotted some 160,000 earthquakes on a map and arrived at a configuration similar to that of the newspaper above. Earthquakes happen in these areas because of a sharp fracture or break in the earth's crust along these broad lines.

## State Has More Beaver Than 50 Years Ago

By LEE SMITHS

There's an assortment of items in the fish-game-and-outdoor-life department.

Beaver season opens. There are more beaver in Michigan now than there were 50 years ago, just as there are more deer. Beaver have moved into every county, and in eight southern counties, the trapper limit was hiked because of nuisance beaver. Beaver within 25 miles of Detroit.

At the peak of the fur trade, Indians virtually exterminated beaver in Michigan. Old prints show how Indians harvested beaver. Men, women, kids and dogs raided a colony, tore out dams, slaughtered beaver with clubs, spears, guns.

Trout season opening, and impressive publicity arrives for the 28th National Trout Festival at Kalkaska. Thirteen high school bands on the program. A trout king and a trout queen crowned. The king, Carl T. Johnson, of Cadillac. What a guy! No one in Michigan has put in more time, more hard work, for conservation. Encouraging to have him on the Commission.

Release from Lansing lists 48 streams in 14 northern counties, open to rainbow and brown fishing. Big rainbows live in the Great Lakes, re-

turning to their spawning streams in early spring.

Plans to screen off the outlets and hold rainbow for hook-and-line fishing haven't worked too well. For one thing, rainbows trying to get back into deep water after spawning congregate above a screen where they are vulnerable to spear, gang-hook, rifle, dipnet. Conservation officers have enough trouble during the spawning run to see to it that rainbow get a legal break.

From Lansing, an attractive, and highly encouraging booklet, "Conserving Our Waters," by Wallace West, compliments of Jack I. Green, public affairs director, Associated Petroleum Industries of Michigan. The booklet is published by the American Petroleum Institute, in New York. It outlines various phases of the pollution menace, a positive step by big industry to deal with the most critical conservation problem of all.

Another Cheerful newsbreak, from Willis G. Sullivan of Milwaukee, a leader in the big, highly successful program to save the prairie chicken. Sullivan got me interested in the re-appearance of the giant Canada goose, a bird attaining a maximum weight close to 20 pounds, and regarded until

very recent years as an extinct race.

Sullivan sends a reprint from the Missouri Conservationist, an article by Jim Keefe on a spring concentration of geese at the Squaw Creek National Wildlife Refuge in northwest Missouri. The Squaw Creek geese, says Jim Keefe, may be something special. "There is good evidence that they belong to a separate race of giant Canadas that breed on the northern prairies. Willis Sullivan reported a year ago that 5,000 giant Canadas had wintered between Rochester, Minnesota and Rock County, Wisconsin.

I have a photograph of two Canadas, shot in North Dakota, weighing 15½ and 16¾ pounds, about twice the size of average Canadas. The various races of this wonderful species range from the miniature Hutchins and cackling, the size of a mallard on up to the giant.

Reaching into the wildfowl file, I come up with a folder on bird-banding from Fish and Wildlife Service. Some fascinating reports of banding returns, such as a pintail banded in Labrador and shot three weeks later on the Dart River in England, 2,200 miles from the banding point. Another banded pintail covered 4,600 miles from northern California to a weather station on a remote island in the South Pacific.

On the subject of bird wandering: the Audubon Society reports a great black-back gull near Port Huron. This gull evidently drifted inland from the Atlantic Coast.

I'm told that gunners—as duck hunters are called in New England—shoot these big birds on sight. They've been seen attacking and killing full grown ducks.

## Romney Requests Time Extension On Straits Ferry

LANSING (AP)—Gov. George W. Romney has sent telegrams to President Johnson and the U.S. Coast Guard asking for a six months extension in the deadline set by the Coast Guard for repairs to the Chief Wawatam.

The Coast Guard has ordered the ferry to stop hauling railroad

freight cars across the Straits of Mackinac on May 24 if repairs are not made before that date.

A group of railroads have requested permission to abandon freight service on several lines in northern Michigan, with the applications tied to abandonment of service provided by the Wawatam.

The Interstate Commerce Commission has scheduled a hearing on the proposed abandonment of the ferry for July 8 at Cheboygan.

Romney noted the state is

seeking an injunction to require continuation of the ferry service and repairs to the Chief Wawatam.

"If abandonment of this service is permitted," Romney said in his telegrams, "Michigan's entire Upper Peninsula and much of northern Michigan will suffer economic loss. Michigan's humane and economic needs demand continuation of this service."

The Coast Guard has contended the boiler on the ferry is unsafe.

## State Briefs

LANSING (AP)—A public hearing will be held in Detroit May 20 on a proposed widening of Eight Mile Rd. from six to eight lanes, the State Highway Department has announced. A more than 12-mile section between Southfield Expressway and Gratiot Ave. is scheduled for widening at an estimated cost of \$7.6 million.

GRAND RAPIDS (AP)—Contributions to the ninth annual

development fund drive of the Grand Rapids Catholic diocese last year added up to a record \$620,495. Bishop Allen J. Babcock announced Sunday by letter to pastors. He expressed his thanks for the generosity of parishioners in the 29-county diocese and urged continued support in the new campaign which opens May 17. Contributions go toward various works of religion including education, charities, missions and service to the aged.

## Court Foresight Saves Headaches

By AL SANDNER  
Associated Press Writer  
LANSING (AP) — Foresight by the Michigan Supreme Court 17 years ago is saving the state serious headaches today.

As a result of a supreme court rule in 1947 virtually any defendant in a Michigan court who wanted it has been supplied with an attorney, whether he could afford one or not.

This has not been the case in every state — and some apparently are sweating out the aftermath of a U.S. Supreme Court decision which says it should have been.

The U.S. court last year reversed an earlier stand and said the federal constitution guarantees legal counsel to every defendant who wants it. It also stipulates that every defendant must be advised of his right to counsel.

**Flood Of Appeals**  
An appeal by an inmate of the Florida State Prison resulted in the high court ruling and reportedly unleashed a flood of appeals in that state.

In Michigan, one man has won his freedom, one has had his case sent back to lower court for review and, says Solicitor General Robert Derengowski, about a dozen appeals have been filed.

In his opinion on the appeal before the Michigan court, Chief Justice Thomas Kavanagh said:

"The argument that in applying (this decision) retroactively we would be opening the jailhouse doors would not be applicable in Michigan. Only the years 1942-47 would be involved."

For five years, Michigan went along with a 1942 U.S. Supreme Court ruling which said state courts only had to supply counsel to poor defendants when a capital crime was involved or when failure to do so would constitute "a denial of fundamental fairness shocking to the universal sense of justice."

**Retrial Pending**  
Edward Palmer was sentenced to life imprisonment from Macomb County Circuit Court for first degree murder in 1942.

A check of court records showed that Palmer, then an escapee from the Southern Michigan Prison at Jackson, waived examination, pleaded guilty and was sentenced in about a four-hour span, the high court said. But, the court added, there was no evidence that he had been advised of his constitutional right.

His retrial is pending in Macomb County Court.

Stanley Marsh, convicted of first degree murder in Branch County Circuit Court in 1936, was ordered released by U.S. District Court because there was a question of legal counsel, said Lloyd Fay, of the State Corrections Department.

The other appeals "may or may not be well founded," said Derengowski. Proving or disproving their claims may be difficult, he added, "since in some cases — the old ones — the court transcripts are not available."

## Weed Killers Can KO Trees

Chemicals can easily kill weeds and prevent regrowth along driveways, fence rows, ditch banks or storage areas. But careless spraying can kill adjacent trees or ruin some attractive shrubs.

Stan Ries, Michigan State University horticulturist, offers these recommendations for safe and effective control:

1. If no weeds are now present in the area, or if it can easily be cleaned up, use simazine or diuron (Karmex).

2. If grasses and weeds are present, use a combination of simazine and amitrole (Amitrol).

(Remember that any plant which is sprayed will be killed and even the drift from the spray may cause injury. However, neither of the above treatments will injure adjacent trees or shrubs.)

3. In areas where injury to shrubs, grass and trees is not a problem, soil sterilization may be accomplished using fenuron (Dybar). A handful of these granules will kill a small tree.

4. If large quantities of brush must be killed, use 2, 4-D or 2, 4, 4, 5-T or combinations of these chemicals sold as "Brush-killers."

The labels on the containers of these compounds will describe application rates and give instructions on how to use them.

## Sugar Maple Studies Aided

HOUGHTON — The Michigan Tech Department of Forestry has received a research grant for a long-range investigation of the hereditability of wood quality and tree form in sugar maple.

The funds from the federal government are to be matched by state funds to provide an annual stipend of \$10,094. The duration of the study has tentatively been set at 15 years, subject to modification as results are obtained and analyzed.

Directing the project will be Pete Garrett, assistant professor of forestry, and Robert Saidak, instructor in forestry.

The primary objectives of the research are to determine if the sugar maple now growing in the Upper Lake States area is the source best adapted to existing environmental conditions, and to determine the range of variability that exists in wood characteristics that ultimately control wood quality.

The final objective will be a single tree selection of superior maple trees from the best seed sources, based on desired wood characteristics. This final objective should provide a local supply of superior maple seed for future plantings in the region.

Project plans call for sampling better stands of sugar maple throughout its natural range, extending from Minnesota east to Maine, and from Virginia north to Ontario, Can.

Vote At 18???

# Teens Decide For And Against

By PEGGY M. BRYSON

It's a tie! A recent poll was taken among several area high school government classes and the study shows that of the 382 students questioned, 191 favored lowering the voting age to 18 and 191 were opposed.

The question was asked by teachers in their classes. Schools cooperating in the survey were: Rapid River, Walter Peters, instructor; Gladstone High School, James Hinn; Escanaba Area High School, Mrs. Elinora Vader; Holy Name High School, Sister M. Adelle SSND, Girl's Department and Brother H. Gerard, FSC, Boy's Department; and Bark River-Harris, Ray Gard-pee.

Looking into the individual classes the survey changes greatly, for example, in the Boy's Department at Holy Name, 40 were for the change and 62 against, the girls at Gladstone took a different view with 45 for and 16 against; 64 were opposed to the idea at Gladstone High School and only 20 in favor; Escanaba High School showed 74 students for the change in age and 33 against; Rapid River had 16 against and 12 in favor and finally Bark River-Harris broke even with nine for and nine against.

When asked why they voted the way they did the students found very sound motives for their answers. Reasons for voting for the issue were backed by statements such as these: "Eighteen-year-olds would probably vote more intelligently than their parents because older people's ideas are prejudiced by the past and younger people are more informed on current affairs."

Another reason for a yes vote was, "In a court of law an 18 year old is considered adult enough to be convicted of a crime, therefore they should be adult enough to vote."

Other answers on the "pro" side of the issue include:

"Many teens are working and paying taxes, they should have a voice in forming policies."

"Voting experience should begin earlier than at 21, because 18 year olds have had recent training they are keenly aware of the theories of government."

"Many young people, over 21, are not registered voters... if they had started earlier they might be still voting."

"After 12 years of superior education, if the habits concerning politics are not formed they never will be."

"High school graduates today

are more prepared, more informed and more interested in government and political affairs than young men and women of the past."

"If teenagers are expected to understand social problems and our society today, they should have a right to control who will and how these problems are to be solved."

"I am in favor of voting at 18 because today with radio, television, magazines and newspapers, teenagers are capable of voting intelligently."

There were an equal number of valid and thoughtful reasons against the issue, some of them were:

**Too Preoccupied**

"I feel an 18 year old is too much occupied with social, athletic, and educational events to study the candidates and the issues. Three more years in the adult world would give a fellow a greater insight to civic duties and problems, especially the three years when we are out of school and on our own."

"We are too easily persuaded. The Beetles are an example, if one of them ran for president almost all teens would vote for him."

"I feel teenagers are too much in conformity with their friends and would vote just like them without thinking."

"If we wait until we are 21, we will appreciate this privilege more and perhaps be more responsible."

"The age of 21 does not insure maturity, but by then you know what is expected of you. Why increase the number of unqualified voters?"

"The right to vote might work like the right to drink at age 21. Some 18-year-olds will use the right just because they have it."

"Voting at 18 might become just a prestige factor and give a false sense of values to those who are still in high school and able to vote."

"Teenagers would be more easily swayed by material promises of the politicians than adults."

**Schools Under Pressure**

"High schools would be put under intense pressure by politicians if we were allowed to vote at 18."

"At 18 most persons are quite mobile, the problem of establishing a permanent voting residence and knowing the issues of that locale would enter in if that age group were allowed to vote."

"I feel that 18-year-olds are too immature at that age. They haven't been out facing the knocks of life enough to hold such a great responsibility."

The most frequent reason for voting at age 18 was if a person is old enough to fight for his country he's old enough to vote. And the most common reason against the issue was that 18-year-olds are much too easily influenced and would vote as their parents do.

There was a neutral answer also. "In some states 19 and 20-year-olds vote, perhaps this would be the solution."

TREE PLANTING at the Webster School grounds will beautify the area in years to come. Students (from left) Karen Jensen and Sandra Collins hold the pine tree while Dale Gustafson fills the hole and Danny Sanville carries water to moisten the transplanted tree and give it a healthy start.

**SEEDLESS PINEAPPLES**

HONOLULU (P)—Pineapples don't have seeds, and the food market shopper probably doesn't care one way or the other

anyway. But this fact has irked horticulturists in Hawaii—one of the greatest pineapple growing areas—for years, so the University of Hawaii and the Pineapple Research Institute of Honolulu have teamed up to find out why the succulent, yellow pineapple is barren.

## Education Best Litter Remedy

A motivational research study in Michigan and two other states discloses that virtually everybody is a potential litterbug.

"Trash is just as likely to be tossed from a chauffeur-driven Cadillac as from a rattletrap jalopy," according to a report on the study of littering in Michigan, Vermont and Maryland by the Institute for Motivational Research, Inc.

The report reveals that litterbugs are not particularly different from other people — except that they litter — and that the litter problem, for this reason, can best be solved through education, law enforcement and provision of adequate rubbish disposal facilities.

The research study sought to determine why people litter, who the litterbugs are and what can be done to curb them. People from all walks of life were interviewed, including community leaders, government officials and people professionally concerned with litter disposal.

"Modern litter, in its simplest terms, is a manifestation of the merchandising revolution that has brought the distribution of consumer goods in disposable packages of every imaginable type," the report states. The problems created by this

vast new source of litter is further complicated by such factors as frequently inadequate rubbish disposal facilities, increased mobility of the population due to universal use of the automobile, and a decline in civic pride and sense of social responsibility, according to the report.

It was found that people in Michigan, as elsewhere, respond readily to anti-litter campaigns.

The most effective anti-litter programs, the study indicates, are based on public education, provision of adequate means for disposing of rubbish and conscientious enforcement of strong anti-litter laws.

The majority of people interviewed saw education as the No. 1 remedy. Programs for all age groups were indicated starting at the school level and utilizing all applicable mass media, such as newspapers, radio and television.

The study concluded that "community leaders, publicists, government officials and those occupationally concerned with litter were unanimous in their conviction that educational programs conducted through the schools and mass communications media are the most effective methods of combating litter."

The Smithsonian Institution's new Museum of History and Technology in Washington has on display a 180-ton steam locomotive and tender. They are so large that the hall had to be built around them.

## IT'S A THEATRE PARTY for Junior Banker Club Members!

**Saturday, May 23 - 10 A. M.**

May 23 is the important date for the big Junior Banker Theatre Party. The meeting place is the Delft Theatre and the time is 10 a. m. A morning of fun has been planned, so you'll want to wear your button and be there.

There'll be prizes, surprises, entertainment, free popcorn and excitement from the time the party begins until you leave. Don't forget to wear your button. It is your admission ticket to the activities.

If you have friends who are not yet members of the Junior Bankers Club, be sure to have them stop into the bank before Saturday, May 23 and open a Junior Savings Account, or use the introductory card we sent you with your invitation. Your friend can come to the party just by presenting this card.

Your parents are welcome to attend the party with you or they can pick you up at the front entrance of the Delft Theatre at approximately 12 o'clock.

**See You Saturday, May 23.**

### New Edition Of 'Stork Facts' Now Available

Gone are the days when pregnancy was mentioned only in whispers, and expectant mothers hid behind closet doors. Today, expectancy is an exciting time with the future Mom maintaining her interest in her appearance and in the world around her.

Most of all, of course, she's interested in the wonderful event she's looking forward to—the birth of her baby. She wants her baby to have the best possible start in life, and usually she's very curious about the changes she notices in herself in the months before the baby arrives.

To answer her questions, a booklet called "Stork Facts" was written by The Maternity Center Association and first published more than 11 years ago. Over two million expectant mothers have requested copies since the first printing. Just recently, "Stork Facts"

has been revised and updated to include physicians' modern and most recent findings on pregnancy and infant care. Included in the booklet are details about baby's month-by-month development before birth, advice on Mom's diet, health and grooming during pregnancy, choice of hospital, baby's layette, information on what Mom can expect on "delivery" day, and even a last-minute check list for Dad!

If you are "expecting" you can obtain a copy of "Stork Facts" by writing to "Stork Facts" 465 Fifth Avenue, New York 17, N. Y., giving your name, address, and month of expectancy.

### Personals

Mrs. Allan Haworth has returned to her home in Milwaukee after a visit with her mother, Mrs. Elin Johnson, 319 N. 16th St.

no, Kathryn Frazer, Marilyn Groos, Ileen Hughes, Marilyn Johnson, Debbie King, Joan LaPalm, Josephine LaPalm, Sharon Ledvina, Tina McGeary, Christine Massard, Linda Menard, Dawn Noel, Novalene Pepin, Judith Rappette, Toinette Smith, Susan Solis, Teresa Solis, Ruth Van Aker, Wendy Viau, Theresa Young, David Chenier, Randy Couillard, Rod Couillard, Stephen Hereau, Rock Irving, Joseph Lancour, John Rappette, Richard Pepin, Michael St. Aubin, John Schultz, Tom Scott, Michael Theoret, Ronald Therrian, Wendell Van Dreese, John Way.

Largest moth in the U. S. is the Ceropia, largest specimens of which have a wing-spread of seven inches.

## Rapid River Library Will Open June 2

RAPID RIVER — Friends of Rapid River's Community Library are pleased to announce that Rapid River Library will be open for the public Tuesday, June 2. The library committee has accepted the Rapid River School Board offer and will house the library in the Rapid River School.

The library will be open three afternoons a week, Tuesday, Wednesday, and Thursday from 1 to 4 p. m., and Friday evenings from 6 to 9 p. m.

A special open house is planned for the public on Sunday, June 7, from 2-4 p. m. Anyone interested in volun-

teering help for the library is asked to call Mrs. Kenneth Proehl or Mrs. Philip Deneau.

Harry Courtright has presented the book stack plans to Anderson Lumber Co. The building of the stacks will be done by Kenneth Proehl, Jim Johnson, and Waldon Johnson Jr. Courtright will meet with Walter Peters, Rapid River school superintendent, to find a suitable library location within the schools.

A meeting for library volunteers will be held Wednesday, May 27 at 8 p. m. in the multipurpose room of the Bay de Noc Elementary School. Courtright will instruct the volunteers on library practices.

Try to pull off the outer skin of slices of liver that you are planning to fry.

**Runeberg Meeting**

The Order of Runeberg is meeting Thursday at 7:30 p. m. in the V. F. W. Hall. A social hour and lunch will follow the meeting.

# Women's Activities

Soft and pretty is the look for summer as interpreted by the Texas fashion designers. Coins of an ancient civilization inspired the giant print design (left) in a cool shirt dress by Marcy Lee of Dallas. Dacron crepe in white is printed in combinations of pink and turquoise or olive and beige. Party dress of linen-look rayon (center) has del-

icate ribbon embroidery trim. It is a Morty Freedman design. Active pleated skirt and easy overblouse (right) is by Kabro of Houston. Side-buttoned jerkin overblouse of sharkskin has contemporary print design. The contrasting skirt for this summertime ensemble is fashioned with permanent pleats.

## Texas Eyes Summer Fashion Scene

By HELEN SENNESSY

DALLAS — (NEA) — Each year at this time, Texas tosses its hat into the fashion ring and comes out a winner.

This week in Dallas, the designers of Texas presented a roundup of spring and summer fashions that was handsome indeed. It proved that Texans will still have something to boast about if the black gold ever runs dry.

Every clothes category was represented, from ballgowns to patio fashions. And every group was fresh and pretty.

In after-five and formal gowns, simple lines deferred to rich fabrics. Peau de soie was a fabric favorite, sometimes highlighted with ribbon scroll-

ing. Many formal dresses had bugle or drop beading, bodice that nipped in at the waist and modified bouffant skirts.

Femininity exerted a strong influence in daytime wear here, and there was lavish use of lace and embroidery. Ruffles at the neck, wrists or hemline also added a romantic note.

Casual clothes had a nautical flavor. Hip-belted middy dresses sailed along with sail-or-collar tops and pleated skirts. White surfer pants were teamed with sailor shirts, striped jerseys and hooded sailing jackets. Even bell-bottomed trousers turned up.

The country-look for summer was in the air. Sun dresses in provincial prints were

trimmed with rickrack. Jamaican shorts were decorated with hootenanny designs and coordinated with checked gingham shirts. Even floor-length at-home fashions included a denim jumper, worn with a dotted swiss ruffled blouse.

Silk, linen and seersucker were favorite suit fabrics. Easy-care seersucker turned up in plaids and stripes and in slim and pleated skirts.

Pastels were high on the color chart, with solid white (often color accented) a close runner-up.

One enterprising Texas designer catered to those of us with strong political affiliations — but he played no favorites. "Pick Your Party" dresses in cotton ticking print had huge

patch pockets that sported a donkey or elephant applique. The choice is yours.

The collections of these talented Texas designers prove that the LBJ hat for ladies is not the only "big" fashion that Texas inspired.

## Soo Hill PTA Meets Thursday

Soo Hill Parent Teacher Association will meet Thursday, May 14, in the Soo Hill School. The meeting will open at 7:30 p. m. with selections by John Chown's 5th and 6th grade band students. Mrs. Leo Niquette will report on the convention of the Michigan Congress of Parents and Teachers in Lansing which she attended as a delegate. Installation of officers for the new school year will take place. Lunch will be served by the kindergarten mothers with Mrs. Richard Helgemo and Mrs. Dan Garbe, co-chairmen of hostesses.

## Church Events

**First Presbyterian**

Meetings of the Women's Association Bible Study group have been discontinued until fall. The Junior High Fellowship party is scheduled for 7 p. m. Thursday.

**Salem Council**

The Council of Salem Lutheran Church, Bark River, will meet Thursday at 8 p. m. in the church parsonage rather than at the church as previously planned.

## Personals

## Poppy Sales Set May 14-16

The Ladies Auxiliary and members of Post 2998, Veterans of Foreign Wars, will conduct the annual Buddy Poppy sales Friday and Saturday of this week. Mrs. Merrill Carlson, Auxiliary sales chairman, announces.

The hours of the sale Friday will be from 9 a. m. to 8:30 p. m. and Saturday from 9 a. m. to 5 p. m. The pick-up station will be at Advanced Electric.

VFW Buddy Poppies are made by disabled veterans only and are the organization's symbol to the world that "We Honor the Dead by Helping the Living", according to Mrs. Carlson. The sale of poppies is the only direct appeal to the public for aid to the hospitalized and needy veterans. Contributions made by the public in good faith are used in the

same good faith by being placed in the Relief Fund to be held in trust for specific purposes only.

Needy service men and women or their dependents are given assistance through this fund. Hospitalized veterans are cared for. The widows and orphans of disabled or deceased veterans who reside at the VFW National Home in Eaton Rapids, Mich., are given aid.

By law of the organization, money in the Relief Fund cannot be used for general expenses, Mrs. Carlson explained. Every dollar donated by the public in the annual sale of VFW "Buddy" poppies is being used for the welfare of the veterans.

All "Buddy" poppies sold in Michigan are made by disabled veterans who are residents of the Michigan Veterans Facility located in Grand Rapids.

Buy and sell the classified way.

## Democratic Women's Club Plans Activities

The Delta County Democratic Women's Club met Tuesday evening at the Chamber of Commerce building and organized and approved activities for the coming month.

A public card party for both men and women card enthusiasts will be held at Teamsters' Hall, corner of 1st Ave. S. and 9th St., Thursday, June 4 at 8 p. m. Mrs. Gerald (Carol) Harris was named as general chairman in charge of arrangements. Additional committees and their responsibilities will be announced later by Mrs. Rodger (Verna) Murray, club president.

U. P. Democratic Women's Day will be held in Marquette Saturday, May 23, and luncheon and transportation arrangements were made at the meeting. Congressman Neil Staebler (also candidate for the Democratic nomination for governor), Senator Philip Hart, Michigan Democratic Vice Chairman Adelaide Hart and other Democratic VIP's will be in attendance. Any Democrat, man or woman, is welcome to attend and may obtain further information by calling Mrs. Murray ST6-1142.

This will be followed on Sunday by the annual meeting in the U. P. of the Democratic State Central Committee and on Monday, May 25, Vice Chairman Hart will be in Escanaba.

The program consisted of a recording from the Democratic National Legislation Action Committee on hospitalization for the elderly as set forth in the King-Anderson bill followed by group discussion, after which the group voted to actively support the bill by sending wires so indicating to Congressmen influential in bringing up for Congressional consideration.

Coffee was served after the meeting by hospitality chairman, Mrs. Ned Buckbee assisted by Mrs. Rod Hanley.

More people get more news from newspapers than from all other sources combined.

## Social-Club

**TOPS Meeting**  
Wait Watchers T. O. P. S. Club will have a weigh-in Thursday at 6 p. m. at Kallio's Dinette.

**Retreat Club**  
Marygrove Retreat Club held its regular meeting in St. Joseph's Student Hall with Phyllis Bowden, president, presiding. Two new members, Mrs. William Van Lister and Mrs. J. P. Lewis of Gladstone, were welcomed. It was announced that there still are vacancies for the May retreat at Marygrove Retreat House in Garden and that those wishing to attend should make reservations with Mrs. Bowden at once. The business session was followed by a card social.

**Rebekah Meeting**  
Phoebe Rebekah Lodge 779 will meet at 8 p. m. Thursday at the I. O. O. F. Hall, N. 10th St. The committee for the evening is Charlotte Severinsen, Dagny Beck, Mary Magnuson and Evelyn Gustafson.

**Pine Ridge PTA**  
Pine Ridge P. T. A. will hold its last meeting of the school year Thursday at 7:30 p. m. at the school. Mrs. Don Goulais will present an informative program on "Cancer."

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistiquette and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

## Graduates Day Observance In Rock, Perkins

ROCK — Graduates Day will be observed at Faith Lutheran church in Rock and the Bethany Lutheran church in Perkins Sunday, May 17. The Rev. William S. Avery, pastor, will preach on the subject of education, "Another Step Upwards."

The service at the Faith church will be at 9 a. m. and at the Bethany at 10:30 a. m. All high school graduates, whether members of the church or not, are invited to attend.

Pastor Avery is well qualified to speak on education matters. For eight years he was on the faculty and administration of Suomi college in Hancock. For two of these years he was the registrar and admissions counselor, and before coming to the Rock-Perkins parish, was assistant to the president of the college. Previously he had served for five years on the Board of Parish Education on the Lutheran church in America.

Sunday will also be observed as Spiritual Foundations Day in the two churches. On this, the opening day of Michigan Week, churches lead Michigan citizens in paying tribute to the part that faith and religion have played in the history and development of the state and its communities.

The Bethany church was organized by a group of Swedish settlers in 1895, the Faith church by Finnish immigrants in 1911.

## Flat Rock PTC Names Officers For Coming Year

Marvin Cartwright was elected president of Flat Rock Parent Teacher Club at the closing meeting of the year, held last night at the school.

Mrs. Walter Marcella is vice president, Mrs. George Johnson, secretary and Miss Christine Rabitoy, treasurer.

Closing activities of the school year were discussed, among them: kindergarten graduation May 24 at 7:30 p. m.; the school picnic, May 28; eighth grade banquet May 26 at 7:30 p. m. at Marco's eighth grade class trip, Thursday and Friday, May 21-22, which will be a tour of the Copper Country.

Mrs. Gertrude Hendrickson's second grade won the room count.

## Isabella

Mr. and Mrs. Al Asplund and Darrell and Darlene of Cunard spent Mother's Day at the home of her parents, Mr. and Mrs. Arvid Sundin.

Miss Helen Harbeck will spend the weekend with Mr. and Mrs. Burton Peterson, Hanover Park, Ill.

Leo Nedeau, Francis and Willie Gouin left for Kalamazoo where they will be employed.

Mr. and Mrs. Don Pomeroy have returned from their honeymoon are residing in the rear of Isabella Super Market.

Mr. and Mrs. Arthur Larchied are in New York attending the World's Fair.

# Women's Activities

There's a wealth of styles to choose from in this summer's swimsuit collections. Two-piece knit (left) has solid color boy-leg panties and separate floral-patterned top. A draw-string at the hem permits top to be worn fully bloused when drawn tight or to hang loosely when not drawn. Elongated, bold patterned tunic (center) has Mandarin slits at either side and a corded belt. Squared neckline leads to wide, adjustable, buttoned shoulder straps. Knit boy-leg panties are in solid color. These are Robby Len designs. The denim look (right) by Lee Beachwear is for the young at heart. One-piece suit sports simulated pockets in saddle stitching on solid color panties. Row of pearl buttons accents long striped bodice. Two-piece suit has patch pocket at back of panties. These two suits are bound to be whistle bait.

AWARD WINNERS in St. Francis Hospital's National Hospital Week essay contest on hospital preparedness, are, from left: Marcia Baillargeon, Susan Phillips, Cheryl Wood and Jane Beckstrom. They won awards totaling \$50 for their papers on the cost of providing the Escanaba area with hospital preparedness. (Daily Press Photo)

## Four Students Win Awards In Hospital Test

Fifty dollars in awards were announced today by St. Francis Hospital in its essay contest for area high school students on the subject "What Price Hospital Preparedness?" in the hospital's observance of National Hospital week.

Winners: Marcia Baillargeon, 608 S. 13th St., 1st prize, \$25 savings bond.

Susan Phillips, senior, Gladstone High School, daughter of Mr. and Mrs. Ray Phillips, 810 Minneapolis Ave., Gladstone; second prize tie, \$10.

Cheryl Wood, senior, Holy Name High School, daughter of Dr. and Mrs. Ivan Wood, 31 S. 5th St., second prize tie, \$10. Jane Beckstrom, junior, Holy Name High School, daughter of Mr. and Mrs. William Beckstrom, 1128 8th Ave. S., third place, \$5.

The judges were John F. Haines, associate administrator of St. Francis Hospital; Arni Dunathan, English and speech instructor, Bay de Noc Community College; and Jean Worth, editor of the Escanaba Daily Press.

Miss Baillargeon's winning essay follows:

"For a hospital to function properly and meet the needs of every patient, it must be in a constant state of prepared-

ness. It must maintain emergency drug supplies and certain types of equipment. These may never be used, but they must be on hand in case the need should arise. The hospital must employ a working staff 24 hours a day in order to accommodate patients being admitted at any time.

"It is estimated that for every patient there are at least two trained staff members. In a place where cleanliness is of utmost importance, the hospital must employ a large custodial staff to fulfill this need. "The building presents another cost. For example, the new wing of St. Francis Hospital is still under a \$587,000 mortgage. The maintenance of the various departments demands a high cost. This also includes the establishment of new departments.

"Right now at St. Francis Hospital three new services are in the planning stage. These are 1) a dental operatory where special dental conditions can be met, 2) a pulmonary function lab with a technician to run it, and 3) a new room for temporary care of mentally disturbed persons. This new room alone would cost around \$2,500.

These are but a few of the many and varied costs a hospital must meet in order to be prepared. And, of course, this runs into a considerable sum of money.

"Where does the hospital get enough funds to meet these costs? Except for an occasional donation, it relies entirely on its patients' hospital payments. It is for such reasons that hospital care is very expensive.

"Before you decide that hospital expenses are too high, take into consideration the fact that you may someday need emergency hospital services. Then remember that it was solely from medical payments to the hospital that these services were possible.

## Break Sighted As Compromise Goes To House

(Continued from Page 1)

split in favor of Republicans in Congress.

### Tenth Smallest

Although Plan C has been said to provide for an 11-8 split, Rep. Henry Hogan, R-Birmingham, its chief sponsor, said Tuesday he figures it would bring a 12-7 edge for the GOP.

Like Plan C, the Senate-approved version cuts only one county line outside.

That would put two townships in the southeastern corner of Clinton County into the sixth District with Ingham, Jackson and Shiawassee counties. The rest of Clinton would remain in the 3rd District.

Wayne County's boundaries would be cut in four places.

The Senate version would have a disparity in population of 13,911 between its largest (18th) and smallest (10th) districts, compared to 13,656 for Plan C.

Both figures, however, are above the 10,000 which has been set informally by Romney, Atty. Gen. Frank Kelley and others as a "rule of thumb" maximum.

Plan C would have set up a so-called "swing" district by combining part of Wayne with part of Macomb County. The Senate version has six districts, all probably Democratic, in Wayne County and another in Macomb.

### Population Equalized

The other district most likely to go Democratic would be the 7th, combining Genesee and Lapeer counties.

The 18th District would include the Oakland County cities Royal Oak, Troy, and Avon, Oakland, Southfield, Bloomfield and Pontiac townships.

The City of Pontiac would be part of the 19th District which includes the rest of Oakland County and reaches down into Wayne County in two places to take in Redford Township and the cities of Northville and Livonia.

To equalize population of the Macomb County district, the boundary crosses the Wayne County line to take in a small piece of Detroit.

The other cut in Wayne County's border would put the townships of Northville and Plymouth and the City of Plymouth in the 2nd District which also includes Washtenaw, Livingston, Lenawee and Monroe counties.

### Seven With Peninsula

Other outstate districts are arranged as follows: 3rd — Kalamazoo, Calhoun, Barry, Eaton, Clinton (except two townships).

4th—Allegan, Van Buren, Berrien, Cass, St. Joseph, Branch, Hillsdale.

5th—Kent, Ionia, 6th—Ingham, Jackson, Shiawassee, two townships of Clinton County.

7th—Genesee, Lapeer, 8th—Saginaw, Tuscola, Huron, Sanilac, St. Clair.

9th—Ottawa, Muskegon, Newaygo, Oceana, Mason, Lake, Wexford, Manistee, Grand Traverse, Benzie, Leelanau.

10th — Montcalm, Gratiot, Mecosta, Isabella, Midland, Bay, Arenac, Gladwin, Clare, Osceola, Missaukee, Roscommon, Ogemaw, Isocoe, Alcona, Osceola, Crawford, Kalkaska, Antrim.

11th — Charlevoix, Otsego, Montmorency, Alpena, Presque Isle, Cheboygan, Emmet, all of the Upper Peninsula.

## Schools Report Financing Need

To bring teachers' salaries into line with other districts of the region and to maintain the quality of the educational program, the Escanaba Area Public Schools must have an additional \$200,000 in local financing for the 1964-65 school year.

The financial situation of the Area School district was emphasized at a meeting of the school board last night in reports by Supt. Walter Bright and by Clarence Zerbel, business manager.

A budget totaling \$1,608,204 has been submitted to the Delta County Tax Allocation Commission for approval. The increase is approximately \$200,000 over the current budget and will require about 4 additional mills to provide the revenue necessary to meet the school's budget needs.

The Tax Allocation Commission will make a tentative allocation of millage to the schools, the county and the townships at a meeting to be held Monday evening, May 18, in the Court House.

Supt. Bright pointed out that the Escanaba Area School district stands in 27th place among 30 Michigan districts comparable in size and valuation in the dollars per child raised locally. The below-average local support of schools here has been reflected in below-average pay scales for teachers and reduced capital outlay, compared to other districts.

Zerbel gave the board a cost of education index report compiled by School Management

magazine showing Escanaba Area district under the national average in most school categories—and the average cost per pupil here last year was \$304.97 compared to the national average of \$351.70.

Here the average cost per pupil for instruction (teachers' salaries) was \$237.08 compared to the national average of \$275.75; and capital outlay was \$1.08 here compared to \$8.50 national average. Capital outlay, of course, is financed here by school bond issues, which have been rejected several times despite the elementary building needs.

The board of education has in the 1964-64 provided additional funds to pay teachers a higher salary and for teaching staff to implement at least in part the recommendations of a curriculum study committee.

Failing to obtain the additional millage necessary to meet these costs the Area district will be involved in deficit financing. The problem may then be placed before voters of the district in a special millage referendum.

## Woman Fined; Bought Beer For 16-Year-Old Boy

Mrs. Betty Labadie, 608 S. 11th St., today pleaded guilty in municipal court to a charge of contributing to the delinquency of a minor by furnishing beer to a 16-year-old Escanaba boy the evening of May 9.

She paid a fine of \$25.

Police said Mrs. Labadie purchased three six packs of beer for the boy at his request.

The 16-year-old later that evening stole an automobile in Escanaba, drove to Gladstone and there entered a home and struck a 14-year-old girl with a glass bottle, and then returned to Escanaba. The girl will be scarred and must have plastic surgery.

The boy is a juvenile and therefore is within jurisdiction of probate court.

## Cuban Refugees At Marygrove

A group of Cuban refugee boys made a retreat at Marygrove Diocesan Retreat House at Garden this week, singing their hymns and saying their prayers in Spanish, although they understand English well and speak it quite fluently.

The Escanaba Deanery retreat for women will be held on the Memorial Day weekend, May 29-31 with the Rev. Stephen Manne, O.F.M. Cap. director of the Newman Center at Northern Michigan University as retreat master. Mrs. Lester Bowden of Route 1, Escanaba, is captain of the retreat and all reservations should be mailed to her before May 19.

## Calvary Units Meet Thursday

RAPID RIVER — Rapid River Calvary Lutheran's L.C.W. units will meet Thursday, May 14. The Bible study of "Salvation Made Plain" will be continued at the following meetings: Oscar Olson, Ensign, 1 p.m.; Mrs. Emily Olson; Ogontz, 8 p.m.; Miss Lily Hansen; Rapid River, 8 p.m.; Mrs. Theodore Talvite; Esther, 2 p.m. at the church parish hall with Mrs. John Lind and Mrs. Ernest Rushford, hostesses.

## Powers-Spalding

Board Meeting Powers - Spalding School Board will meet at the school Thursday at 7:30 p.m.

## Credit Unions Meeting Called

Credit union members in the Upper Peninsula received \$705,000 in dividends on credit union shares and interest rebate on loans during 1963, according to statistics released by the Michigan Credit Union League.

Upper Peninsula credit unions will hold their annual chapter meeting Sunday, May 17 at 3 p.m. (EST) at the Kroning Felder Hall, St. John School, on South Pine Street in Ishpeming.

The 39,000 members in the area belong to 71 credit unions having shares and deposits of \$16,900,000 and total assets of \$19,300,000.

The Credit Union League, begun in 1934 by 34 credit unions to provide central accounting, education and supply services, has now grown to a membership of 1,200 credit unions. Michigan with 1,200,000 members is second only to California in size of membership.

Through the League, Michigan's credit unions maintain the largest data processing facility serving credit unions anywhere. They own the League Life Insurance Co., the state's largest life insurance firm which provides insurance on credit unions shares and deposits, family group life insurance and other insurance services.

The League maintains a stabilization fund so that if a credit union decides to get out of business, its members will receive full return on their deposits without some monies may be out on loan.

Assets of Michigan's credit unions are listed at the end of 1963 as totalling \$700,000,000 with shares and deposits of \$625,000,000.

## Nebraska Gives Strong Write In Vote To Nixon

(Continued from Page 1)

pected to get some support from each group.

The senator added at least six votes to his first ballot strength from other sources Tuesday.

Missouri Republicans chose six delegates, two of whom were instructed to vote for Goldwater and two of whom said they favor him. The other two are uncommitted.

Rhode Island Republicans blocked an effort by Goldwater supporters to increase their strength on the state delegation, but at least two of the 14 chosen Tuesday are for the senator.

One is for Rockefeller, one for Gold, William W. Scranton of Pennsylvania and the rest uncommitted.

## Singer Forgets Words Of Song, Wins 'Grammy'

NEW YORK (AP) — Jack Jones forgot the words to a song at the "Grammy" awards ceremony Tuesday night—and a few minutes later won a "Grammy" for the best male vocal performance.

Tony Bennett, who won the best-vocalist award last year, ran to the stage, took Jones' microphone and finished the song for him.

The song was "The Good Life," one of five nominated for song of the year. The awards were given by the National Academy of Recording Arts and Sciences.

"The Days of Wine and Roses" garnered three awards for Henry Mancini — record of the year, best background arrangement, and song of the year.

Barbra Streisand was named best female vocalist and her album, "The Barbra Streisand Album," was named best of the year.

THE CATHOLIC schools of the Escanaba Deanery will hold their annual music festival at St. Anne's School Friday with St. Anne's, All Saints of Gladstone, St. Francis de Sales of Manistee, St. Joseph, St. Patrick and St. Thomas the Apostle Schools, all of Escanaba, participating, along with the Nomads of Holy Name High School as guest singers. Pictured, are participants from St. Anne's, from left: Marlene Frantz, Susan Guindon, Terry LaValle, Paula Couchene, Nick Srock, Julie Boudreau, Bruce Anderson, Peggy Osby, Joan DeGrand, Dan Shaw and Pat Dwyer. (Daily Press Photo)

## Industrial Gas Market Studied

Michigan Consolidated Gas Co., has completed a survey of Escanaba and Gladstone area natural gas potential industrial and commercial customers. Fred S. McIntire, vice president-sales, announced today as he left in the company's plane for Iron Mountain, where a similar survey is underway.

The natural gas utility of Detroit earlier had made a study of this area's potential for residential customers for natural gas, which was reported to Escanaba city officials. The city operates a gas utility supplying manufactured propane gas to local customers.

The city has received two proposals which could change the character of its gas utility. One from Northern Natural Gas Co., of Omaha, which has asked the Federal Power Commission for authority to serve the Upper Peninsula from Ironwood east to the Escanaba-Gladstone area with natural gas, would sell gas at wholesale to the existing Escanaba gas utility.

The other proposal from Michigan Consolidated would serve only the Menominee Range and the Escanaba-Gladstone area by a new pipeline extending the present Michigan Wisconsin Pipe Line Co. line—which now terminates at Menominee—into the U. P.

McIntire said that the current survey of the industrial and commercial potential of such an extension would be made in Iron River, Crystal Falls, Iron Mountain, Kingsford, Norway, and other communities.

## J. L. Farley Commencement Speaker At Rock

ROCK — J. L. Farley, District Commercial Manager, Michigan Bell Telephone Co., will be the speaker at the Rock High School commencement exercises Thursday, May 14, at 8 p.m.

Exercises will begin with Processional to "America the Beautiful," followed with an introduction by Superintendent George Weingartner. The High School chorus will offer several selections under the direction of John Small.

The salutatory address will be given by Virginia Vandembusch and the valedictory by Bethel Mankiewicz. Vilho Veronen will offer a vocal selection.

Class president, Betty Severon will introduce the speaker, whose topic will be "A Look Ahead." As George Kulack, principal introduces the seniors, Ahti Waak, Rock Board of Education president, will present the diplomas. The program will close with the National Anthem by the audience.

## Deanery Music Fiesta Friday

The annual Music Festival of Escanaba Deanery Schools will be held in Escanaba Friday with St. Anne's School children as hosts.

Father Stephen Mayrand will celebrate the High Mass and give the address of welcome, and Father Otto Sartorelli, diocesan director of music, will direct the choir with Sister M. Bennett, O. S. F., as organist.

Participating in the afternoon program will be: All Saints School, Gladstone, under the direction of Sister M. Wilfred, C. S. M.; St. Francis de Sales Church of Manistee, directed by Sister M. Luciana, O.S.F.; St. Joseph students, Escanaba, Sister Mary Cecily, SSND; St. Patrick, Escanaba, Sister Barbara Ann OP and Mrs. D. F. LeMire; St. Thomas the Apostle, Escanaba, Sister Celestine Marie, OP and Mrs. C. Fleetwood.

The Nomads of Holy Name High School will be guest singers, and players and the host school, St. Anne's directed by Sister M. Bennett, O. S. F., will sing the closing numbers, preceding the chorus, "America The Beautiful."

Of all commercial woods, balsam weighs the least.

## Manistique News

### Political Scientist To Speak In U.P.

Dr. David Booth, an Englishman by birth and currently one of Michigan's foremost authorities on state and local government, will appear at meetings this Thursday and Friday in Manistique and Newberry. On Thursday afternoon Dr. Booth, political scientist at Michigan State University at East Lansing, will address the juniors and seniors at the Manistique High School. On Thursday evening at 8 p.m. he will deliver a short public address in the high school multipurpose room at Manistique on changes in the state constitution and relating these changes to local government.

On Friday afternoon Dr. Booth will address the juniors and seniors in Newberry High School and at 7:30 p.m. Friday he will be the featured speaker at the Luce County home economics spring achievement meeting in the Pentland Township Hall near Newberry.

### Pre-School Clinics Begin Thursday

Pre-school clinics are scheduled by the Alger-Schoolcraft Health Department in township schools of Schoolcraft county, beginning May 14. The Thursday scheduled has the department at Seney school at 9:15 a. m., Germfask, 10 a. m., Mueller, 12, and Thompson, 2 p. m.

On May 21, the clinics will be conducted at 9:30 a. m., in Fairview school and 1:30 p. m. in Doyle. On May 25, they will be at Cooks at 9:30 a. m. and Hiawatha at 1:30 p. m.

School registrations will be taken at the same time. Immunizations and physical examinations will be given those who haven't had these from their private physicians.

### Births

Births at Schoolcraft Memorial Hospital.

A daughter weighing 7 pounds, 15 ounces to Mr. and Mrs. Robert Adcox, Rte. 1, May 9. Mrs. Adcox is the former Gaythel Floyd.

A daughter weighing 8 pounds, 4 1/4 ounces, May 9 to Mr. and Mrs. Irving Anthony, Engadine. Mrs. Anthony was formerly Barbara Matthews.

To Mr. and Mrs. Tom Anderson, Rte. 1, a son May 10. He weighed 7 pounds, 13 ounces. Mrs. Anderson is the former Carol Swanson.

A daughter May 9 to Mr. and Mrs. William Perkins, Naubinway. She weighed 8 pounds, 15 1/2 ounces. Her mother is the former Jacqueline Denny.

## LEGAL NOTICES

NOTICE OF FORECLOSURE SALE Default having been made in the terms and conditions of a certain mortgage made by Averie Thibault, a single man of Garden, Delta County, Michigan, mortgagor to Alex Thibault and Della Thibault, his wife, and wife of Manistique, Michigan, Mortgagees, dated the 25th day of September, 1954, and recorded in the office of the Register of Deeds, for the County of Delta and State of Michigan, on the 24th day of October, 1954, in Liber 38 of Mortgages at Page 37, on which said mortgage there is claimed to be due, at the date of this notice, for principal, interest and taxes, the sum of One Thousand and Two Hundred Ninety-nine Dollars and forty-three cents (\$1,243.43), and no suit or proceedings at law having been instituted to recover the debt secured by said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Monday, the 22nd day of June, 1964, at 10:00 A. M., Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder at the front entrance to the Court House in the City of Escanaba, Michigan, (that being, 38 of Mortgages at Page 37, on which said mortgage is held of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon, and with all legal costs and expenses, including the attorney fees allowed by law, and also any sums which may be paid by the undersigned, necessary to protect its interest in the premises, which said premises are described as situated in the Township of Garden, Delta County, Michigan, viz:

A parcel of land, commencing at the Southwest corner of the South Half of the South Half of the Southeast Quarter of Section Five, Township 38 of Mortgages at Page 37, Range Eighteen West, thence North One Hundred Fifty feet, thence South One Hundred Fifty feet, thence West One Hundred Fifty feet to point of commencement, subject to easements of record.

Dated: March 16, 1964, at Manistique, Michigan.

Alex Thibault, Mortgagee, Manistique, Michigan, Johnson and Assessor for the County of Delta, Michigan, Attorneys for Mortgagees, First National Building Manistique, Michigan. 16535 — 12 Wed.

Notice of Special Assessment TO: Ralph & Patricia Drage, Robert & Audrey Craig, Ruth, Barbara, George & Etie Saul, James & Shirley Pascoe, Martin Krokstad, Martin Krokstad Jr., Clarence & Carl Lampert, Edward F. & Marguerite Anderson, James & Lucia Ammel, Carleton Olson, Harry & Allene Fitzgerald, Allyn & Janet Holten, Raymond & Mary Thorsen, James Emerson, Hugh J. Finck, Stanley Lemus, David & Margaret Bromberg, Roland & Ray Lindstrom, Harold W. Gessner, Edward & Kathleen Anderson, Spaul & Beulah Sages, Erick Sisson and all others interested.

The extension of the sanitary sewer East of Willow Creek Road, from 8th Ave. So. to 200 Ft. South of 14th Avenue So. Also Between 23rd and 24th Avenue South from the existing sewer to West line of Lot 25, Pascoe First Addition.

NOTICE IS HEREBY GIVEN that the Council will meet in the council chambers of the City Hall on May 21, 1964, at the hour of 8:00 p. m. to review said assessment at which time and place opportunity will be given all persons interested to be heard.

Dated: May 8, 1964, City Clerk J. GUINDON

16502 — May 13

# GLADSTONE

Jim Berg

Dan Schram

**TOP SCHOLASTIC** students of the Gladstone High School class of 1964 are Dan Schram, son of Mr. and Mrs. John Schram, 1617 Michigan Ave., validictorian, and Jim Berg, son of Kenneth A. Berg, 914 Superior Ave., salutatorian. Dan has been active in Student Council work, serving both as president and vice president; was a member of the football team for three years and served as captain one year, a member of the track team for four years and captain one year, basketball team for two years. He is a member of the National Honor Society and was a delegate to Boys State. He plans to attend Michigan Technological University. Jim is a member of the Student Council and is vice president of his class. He was a member of the cast of the senior class play, is a member of the G.H.S. Band, and the Hi-Y club. He also plans to attend Michigan Technological University.

## Eugene LeClair, 74, Of Gladstone Taken By Death

Eugene LeClair, Gladstone, employed as a woodsman in this vicinity for many years, died in St. Francis Hospital at 8:55 a.m. today. He was 74 years old.

Born in Quebec, Canada, on Sept. 15, 1889, he came to Gladstone as a boy and had been a resident of this area for most of his lifetime.

Surviving are a sister, Mrs. Arthur H. Horton of Detroit, and several nieces and nephews.

The body is at the Skradski Funeral Home and funeral arrangements are incomplete.

## Bridal Shower

Mrs. Lloyd Tuskan, the former Mary Ebbesen, daughter of Mr. and Mrs. Robert Ebbesen, was feted at a bridal shower at the Legion Hall recently. Games were played with prizes awarded at each table. Mrs. Alfred Carlson received the special award. Refreshments were served and the table was artistically decorated in the bridal theme with a bride and bridesmaid as the center piece. Arrangements were made by Mrs. Gerald Sauri, Mrs. Esther Wickstrom and Mrs. Wayne Bryers. Mrs. Tuskan received many lovely gifts.

## Briefly Told

**Gladstone Lodge 396, F&M**, will hold a special communication at the Masonic Temple at 7:30 p. m. Thursday for work in the E. A. degree. Visiting Masons are welcome to attend.

**The Evening Circle of Evangelical Covenant Church** will meet at the home of Mrs. Albert K. Bors, 307 S. 9th St., at 8 p. m. Thursday. Mrs. Arthur Laughbaum and Mrs. Gilbert Larson are in charge of the program.

**Grace Circle of First Lutheran Church** will meet at the church at 2 p. m. Thursday. Mrs. Harvey Carlson and Mrs. John Martin will be hostesses.

**Adult Leaders of Cub Scout Pack 471** will meet at the James T. Jones School at 7:30 p. m. Thursday. Awards will be ordered and den mothers are asked to have their lists of awards ready, including the kite contest. Plans for the Spring Picnic will also be made.

## Sports In Brief

**EAST LANSING (AP)** — Michigan State permitted Northwestern its 18th tennis dual meet victory in 19 matches Tuesday, losing to the Wild-  
cats 7-1.

## Seniors To Hold Trip Day Friday

Members of the Gladstone High School senior class will have their trip day Friday when 90 seniors, accompanied by Wallace Cameron, Bill Wood and Mrs. Robert Hupp, will visit Mackinac Island.

The group will leave the High School Friday morning, stop for a picnic lunch before going across to the Island. The group will return Friday evening.

## Dales Awarded Olympic Post

**KALAMAZOO (AP)** — George G. Dales, head track and cross-country coach at Western Michigan University, today was named to the staff of coaches for the Greek Olympic team.

The appointment was made jointly by the U.S. Department of State and the Greek government.

Dales will start his assignment this summer and will work with the other physical education leaders and coaches in preparing the Greek team for the forthcoming Olympic Games in Tokyo.

Dales' WMU track teams have won 75 dual or triangular meets and lost 25 since he became head coach in 1952. His track teams have won six straight Mid-America Conference championships and have been undefeated in Mid-America dual meets since 1958.

The WMU cross-country teams have won 32 consecutive dual and triangular meets dating back to 1957.

## Calvin Sweeps Double-Header

**GRAND RAPIDS (AP)** — Calvin's Knights swept a double-header from Ferris State Tuesday, 7-4 and 2-1.

Loser Roy Verner wild-pitched Calvin's winning run home in the fifth inning of the second game in dropping a duel with Paul Kortenover. Each allowed two hits in the seven-inning game.

A walk, Ken Fletcher's double and the wild pitch accounted for the winning run.

Calvin scored three times in both the fourth and sixth innings in backing up Jim Frederick's six-hit pitching in the first game.

## Bowling Green Trips Titans

**BOWLING GREEN, Ohio (AP)** — Bill Stanforth lost his first game in six starts in a pitcher's duel Tuesday as Detroit bowed to Bowling Green 3-2.

Stanforth contributed to his own defeat by wild-pitching runners to second and third in the eighth inning with the winning run scoring on a squeeze bunt. Jim Keener held Detroit to four hits. Stanforth yielded seven.

Detroit is now 15-4 for the season and Bowling Green 13-6.

## Major League Leaders

**By The Associated Press**

**National League**

Batting (50 at bats) — Mays, San Francisco, .478; Williams, Chicago, .398.

Runs — Mays, San Francisco, 34; Stargell, Pittsburgh, 22.

Runs batted in — Mays, San Francisco, 34; Stargell, Pittsburgh, 22.

Hits — Mays, San Francisco, 43; Clemente, Pittsburgh, 42.

Doubles — Clemente, Pittsburgh, 9; Cardenas, Cincinnati; Maye, Milwaukee, and Stargell, Pittsburgh, 8.

Triples — Banks and Santo, Chicago; Allen, Philadelphia, and Boyer, St. Louis, 3.

Home runs — Mays, San Francisco, 13; Howard, Los Angeles, 10.

Stolen bases — Willis, Los Angeles, 10; Harper, Cincinnati, 8.

Pitching — Marichal, San Francisco, 6-0, 1,000; Shaw, San Francisco, and Gibson, St. Louis, 3-0, 1,000.

Strikeouts — Maloney, Cincinnati, 44; Marichal, San Francisco, 37.

**American League**

Batting (50 at bats) — Oliva, Minnesota, .439; Bressoud, Boston, .384.

Runs — Oliva, Minnesota, 25; Rollins, Minnesota, 23.

Runs batted in — Wagner, Cleveland, 26; Colavito, Kansas City; Hall and Oliva, Minnesota, 21.

Hits — Oliva, Minnesota, 47; Bressoud, Boston, 38.

Doubles — Mathews, Kansas City, 8; Bressoud, Boston, and Wert, Detroit, 7.

Triples — Versalles, Minnesota, and Hinton, Washington, 4.

Home runs — Colavito, Kansas City, and Hall, Minnesota, 9.

Stolen bases — Aparicio, Baltimore, 13; Wagner, Cleveland, 5.

## Northern Sets Court Clinics

**MARQUETTE** — Two one-week basketball clinics for junior and senior high school boys between the ages of 11 and 17 will be sponsored by Northern Michigan University this summer.

The first clinic, to be held June 14-20, will be for boys between the ages of 14 and 17 while the second session, Aug. 9-15, will be for the 11 to 14 age group.

Both clinics will run in conjunction with regular summer session June 22-July 31 and post session work shops August 3-14 at Northern.

Last year more than 60 prep cagers from throughout the state attended the single one-week clinic.

Sponsored in cooperation with Northern's Public Services Division, both clinics will be directed by Stan Albeck, NMU cager mentor since 1957.

In seven years at Northern, Albeck has compiled a record of 114 wins and 47 losses. Four of his Northern teams have

won the Michigan championship sponsored by the National Association of Intercollegiate Athletics.

According to Albeck, the basketball camps will place emphasis on conditioning, fundamentals and team play. A certificate of merit will be awarded to each individual upon completion of the camp.

Registration deadline for the June camp is June 5, while the August camp deadline is July 20.

The programs for both sessions will include swimming, tennis and softball as well as basketball movies every night. A citizenship hour also will be conducted each morning with a member of the Michigan State Police, a university dean, and a judge as guests.

Students interested in attending either camp may obtain additional information by writing Stan Albeck, basketball coach, Northern Michigan University, Marquette, or by contacting Northern's Public Services Division at 225-1341, ext. 2255.

Ron Fairly was the only pinch hitter used by the Los Angeles Dodgers in the 1963 World Series. He drew an intentional walk.

# Young Tiger Lefty Three-Hits Yanks

**DETROIT (AP)** — It would take a lot of talking to convince the 18,688 fans watching Tuesday night's Detroit Tigers-New York Yankees game that Mickey Lolich admits he is uncoordinated and "can't do a thing lefthanded."

His inability to do anything with his left hand—but throw—was the chief topic of conversation after the young southpaw completed a nifty three-hit pitching performance. The Tigers won 7-2.

Lolich, 23, explained a childhood injury crushed his collarbone. The doctor advised his parents to make sure he strengthened his left arm.

"My folks tell me that they used to tie my right arm down and make me pick up blocks and throw things with my left hand," Lolich said.

"But I still consider myself a righthander," he continued. "Even when I make out forms

I write down that I'm right-handed."

In pitching his second complete game this year and bringing his record to 3-1, Lolich snapped the Yankees' five-game winning streak. He also brought the Tigers out of a five game losing streak.

"My sinking fast ball was really working today," Lolich said. "I usually don't use it until the second inning or so, but I tried it once in that first inning and you know what happened."

Hector Lopez hit that pitch into the right field seats for a two-run homer and the only runs of the night for the Yankees.

A third-inning single by Bobby

Richardson and a single in the ninth by Lopez were the only other safeties off Lolich. Both were erased by double plays as the Tigers turned in three twin-killings behind him.

Only six flies were hit to the outfield.

Don Wert, playing third base only because Manager Charlie Dressen had a sudden change of heart, batted out three of the Tigers' eight hits. He knocked in the two runs in the second inning which put Detroit ahead to stay.

Willie Horton regained some of the form he flashed in Florida. He sent home a couple of runs with long triples to center.

Bill Freehan also had a pair of hits and scored twice.

Dressen played the game under protest, but withdrew it when the Tigers won.

He protested that New York starter Al Downing should have been forced to pitch to at least one batter before being relieved.

Downing was taken out of the game by Yankees Manager Yogi Berra after he had worked the count to 3 and 1 on Wert.

## Hall Of Fame Plans Are Set

**DETROIT (AP)** — Officials of the Michigan Sports Hall of Fame announced today that Henry E. "Heinie" Manush and Frederick C. Mattheaei will attend the 10th annual induction luncheon next week and that the three sisters of the late Adolph Wolgast also will be present.

Manush, the former Detroit Tigers outfielder; Mattheaei, who has worked most of his life in a futile effort to bring the Olympic Games to Detroit; and Wolgast, the former world's lightweight champion, were named to the Hall of Fame last week.

Manush is flying to the luncheon from his Sarasota, Fla., home, while Mattheaei, who lives in Ann Arbor but has a business in Detroit, will take time out from his schedule to receive his plaque.

Representing the late Wolgast will be his sisters, Mrs. Gus Nelson, Mrs. William Cleary and Mrs. Edna Boyle, all of Pontiac.

The public is invited to the luncheon, which will be held at noon at the Roostertail Restaurant.

## Little League

The Kiwanis Little League team will practice at Royce Thursday instead of at Babe Ruth as originally scheduled.

## A special introductory offer

U.S. Royal<sup>®</sup> has developed a tire construction that is so strong, we can make this unheard-of offer:

If the tire fails for any reason, except for a repairable puncture or deliberate abuse, as long as there is still 1/16" of original tread left,

# U.S. Royal will give you a brand new tire free.

Do not confuse this offer with the usual "partial allowance" toward a new tire, based on remaining tread.

- This offer covers:
- The U.S. Royal first-line tire (Safety 800)
  - The tiger's paw (Red-circle Super Safety 8)
  - The U.S. Royal premium tire (Red-circle Royal Master)

Road hazards are included in the offer. No time limit. No mileage limit.

Offer applies to passenger car replacement tires purchased and registered between now and August 15th.

Fair enough?

## In This Corner

with Ray Crandall

Iron River pulled the upset of the current track and field season by dethroning Kingsford in the Menominee Range Conference meet. The Redskins won the team title with 59 points against Kingsford's 55. Iron River won only two events but picked up eight second places.

Kingsford's Dick Berlinski had another perfect day, copping the 100 and 220 yard dashes and the broad jump and running the anchor leg on the winning 880 yard relay team. He and Iron River's Jim Johnson shared a new Range record of 10.3 seconds in the century, Johnson hitting his in the time trials and Berlinski in the finals. Rich McCarthy and Jim Conard of Kingsford also set a new record of 11 feet 1 1/2 inches in the pole vault.

In spite of a muddy, puddle-dotted track, Pat Millard of Ontonagon set a new record in the 220 yard dash in the Copper Country Invitational track meet at Michigan Tech. Millard stepped the furlong in 23.1, breaking the old mark of 23.2 which had stood since 1950. The Upper Peninsula Class C record is 23.4. Calumet won the meet for the 11th straight year, topping a field of nine schools with 53 points. Ontonagon scored 49 for second place.

Art Marcell of Norway, shortstop on the Western Michigan University baseball team, has raised his batting average to .345, which is topped by only two regulars on the club. He has hit 10 singles in 29 trips and has scored nine runs. The Broncos have won 14 of 17 starts this season.

Jerry Kramer, Green Bay Packer guard who will speak at the Holy Name All Sports banquet Saturday night, tied the all-time Packer field goal record by booting 16 last season. Kramer added 43 extra points to become the Green Bay scoring leader with 91 points. Fullback Jim Taylor had 60.

## Eskymo Banquet Date Is Changed

The Eskymo Fan Club all sports banquet for Escanaba Area High School athletes has been changed from Tuesday, May 19, to Monday, May 18.

Athletic Director Harold Johnson announced the change today.

The banquet will begin at 6:30 p.m. in the Commons of the high school. Tickets may be purchased in advance from Robert Jensen, Roland Collins and at the Patio and also may be purchased at the door.

Honored will be all Eskymo varsity and junior varsity athletes, cheerleaders and coaches.

Main speaker will be Verdine Cox, basketball and tennis coach at Michigan Tech.

## Eskymos Win Triangular; Brookers Equals Record

The powerful Escanaba Eskymo track and field team romped to victory in a triangular meet here Tuesday, turning in an impressive performance in spite of the frigid weather.

Escanaba tuned up for this weekend's regional meet by scoring 78 1/2 points against 34 for Iron Mountain and 23 1/2 for Munising.

The Eskymos captured nine

first and picked up points in every event.

The cold weather and stiff wind failed to bother Eskymo sprinter Chuck Brookers who tied the all-time school record in the 220 yard dash. Brookers fired out of the blocks and stormed over the curved furlong course in 23.7 seconds. The Escanaba record was originally set by Dick Carlton in 1933.

Chasing Brookers to one of the best times in the Upper Peninsula this season was Pete Bertrand. Bertrand mastered Brookers in the 100 yard dash in the fine time of 10.4 seconds. Tom Bjorkquist was a double winner in the high and low hurdles and was second in the broad jump.

Jim Clairmont hit the tape in 54.6 in the quarter mile while Sam Oslund led the Eskymos to a sweep in the pole vault with a leap of 11 feet 4 inches. Bill Sarnowski topped the shot putters at 48 feet 3 1/2 inches and the Eskymos won both relays in impressive times.

Rene Harger of Munising, Upper Peninsula half mile king, was challenged by Iron Mountain's Randy Pilon and ran his speciality in 2 minutes 6 seconds.

Summary:  
Shot put — Sarnowski (E), Hansen (E), Erickson (I.M.), Roberts (Mun.) 48' 3 1/2".  
Broad jump — Martindale (Mun.), Bjorkquist (E), Rusha (E), G. Vandeville (IM) 19' 3 1/2".  
Pole vault — Oslund (E), Collins (E), R. Anderson (E), Lewis (E) 11' 4".

High jump — Martindale (Mun.), Hendrickson (IM) tied for first, Pilon (IM), Collins (E) 5' 4".  
880 relay — Escanaba, Iron Mountain 1:36.9.  
1 mile — Wright (Mun), Hendrickson (IM), T. Fisher (E), Swanson (IM) 4:50.

High hurdles — Bjorkquist (E), Spiter (IM), Collins (E) 18.05.  
880 run — Harger (Mun), Pilon (IM), Sullivan (IM), R. Anderson (E) 2:06.

440 run — Clairmont (E), Boileau (E), Sericet (IM), Shaver (Mun) and Vogel (E) tied for 4th, 54.6.  
100 dash — Bertrand (E), Brookers (E), Bellefeul (E), Lindstrom (IM) 10.4.

Low hurdles — Bjorkquist (E), Porto (IM), Lewis (IM), Rusha (E) 23.7.  
220 dash — Brookers (E), Bertrand (E), Lindstrom (IM), Tervillen (IM) 23.7.

1 mile relay — Escanaba, Munising 3:43.  
3 miles — Escanaba 78 1/2, Iron Mtn. 34 and Munising 23 1/2.

## Gravelle's Team Is Golf Leader

Gravelle's Gerties took the lead in the first session of the Escanaba Country Club Twilight League Tuesday with 8 1/2 points.

Don Goulais was medalist for the day with a par 36 and Dexter Babcock was closest to the pin on No. 7.

Team standings: Gravelle's Gerties 8 1/2, Team No. Ten 8, Team No. Three 6 1/2, Team No. Fifteen 6, Team No. Five 6, Big John's 6, Team No. One 6, Hush Puppies 4, Ice Boxes 4, Team No. Six 4, Hirn's Hooks 3 1/2, Team No. Seven 3 1/2, 19th Holers 3 1/2, Team No. Fourteen 3 1/2, Team No. Sixteen 3, Team No. Four 2 1/2, Pixies 2, Town & Country 1 1/2.

## Girls Softball

The State Bank team will practice at the Bab Ruth diamond Thursday at 6:15. All players must attend.

Pete Bertrand

## Maroon Netters Beat Crusaders

MENOMINEE—The Menominee Maroons defeated Holy Name 5-1 in a tennis match here Tuesday.

Individual scores, with Menominee players listed first: Tom Barley lost to Steve Wood 4-6, 7-9.

Larry Trautner beat Jerome McRae 6-2, 6-0.

Terry Heckel beat Mike Lemire 6-1, 6-3.

Jerry Goffin-Chuck Waller beat John Fisher-Tom DeGrand 4-6, 11-9, 6-0.

Steve Gilbert-Jerry Gignac beat John Quinn-Jim Berish 6-4, 4-6, 7-5.

Frank Porth-Mike Nerat beat Lee Thompson-Paul Kangas 6-4, 4-6, 7-5.

## Regional Track Meet Will Draw 200 Athletes

A field of over 200 athletes, including some of the top prep performers in the Upper Peninsula, will compete in the regional track and field meet at the Escanaba Athletic Field Saturday, May 16.

The meet will get under way at 10 a. m. with preliminaries in all events. The finals will begin at 1:30 p. m.

Officials will include Thor Reque of Manistique as starter, William Cook of Manistique as referee and Bob Thibault of Escanaba as clerk.

Competition will be in two classes, D and A-B, with 15 schools entered. The Class D schools competing will be Cooks, Felch, Bark River-Harris, Nahma, Perkins, Rapid River, Rock, Vulcan and Garden. Rapid River is defending champion.

Competing in Class A-B will be Escanaba, Marquette Gravelle, Holy Name, Gladstone, Marquette Baraga and Gwinn. Kingsford was regional champion here last year.

Among the top small school athletes who will be in action here are Doug Moss of Rapid River, Walter Roberts of Cooks, Steve Simonsen and Tom Teeple of Perkins, Kolinski of Garden, Fred Wilbee and Walter Peters of Rapid River, Ed Linjala of Rock, Phil Hartman of Cooks.

Class B is loaded with talented cindermen, some of whom have turned in the Upper Peninsula's best individual performances this spring.

Included are Bill Sarnowski, Jim Hanson, Chuck Brookers, Wally Schultz, Pete Bertrand, Jerry Collins and Denny Reno of Escanaba. Tom Bjorkquist of the Eskymos will not be available for the regional meet and Schultz is hampered by a leg injury suffered at Escanaba captured the Great Lakes Conference championship in Manistique last weekend.

Heading the Holy Name squad are Eugene Rissanen,

Bill Curtis, Ben Yagodzinski. Marquette's top performers include hurdler Bob Pearson, vaulter Bill Millman and quarter miler Ken Berg.

Gladstone's Dan Schram and Emery Dault are among the region's best in their dash and shot put specialties.

Gwinn's Dan Purple is the defending Upper Peninsula high jump champion.

## Former Champs In Golf Field

OKLAHOMA CITY (AP)—The \$40,000 Oklahoma City Open Golf Tournament gets under way Thursday at Quail Creek Country Club with Arnold Palmer, who won the tournament in 1959, the top attraction.

Three other former winners and four former PGA champions also are in the field.

Besides Palmer, the former winners are Fred Hawkins, who won in 1956, Gene Littler, the 1960 winner, and Don Fairfield, the defending champion.

The former PGA champs are Jack Burke Jr., Bob Rosburg, Jay Hebert and Lionel Hebert.

This is the third year on the 7,042-yard par 72 Quail Creek Country club course for the tournament. Previously the event was played at Twin Hills Country Club.

## Yesterday's Stars

By The Associated Press

Batting — Willie Mays, Giants, hit 12th and 13th homers, added single and drove in four runs, extending his hitting streak to 19 games and lifting his batting average to .478 in San Francisco's 6-0 victory over Houston.

Pitching — Dave McNally, Orioles, checked Washington on two hits for third victory against one loss as Baltimore whipped Senators 5-0.

## Tryouts Set In Babe Ruth This Saturday

Babe Ruth league officials announced the first tryout for new players will be held at the Babe Ruth Field on Saturday, May 23. Last year's Little League graduates will be processed first, with the remaining new players going through their paces immediately after. If necessary, additional tryouts will be held during the week of May 25.

Boys 13, 14 and 15 years of age are eligible for Babe Ruth competition provided their sixteenth birthday doesn't fall before Aug. 1. Boys who were in the program last year are not required to verify their date of birth but they must file a registration form signed by their parents. Blanks may be picked up at Club 314 or from Paul Vardigan, league secretary.

New players must produce a county or city birth certificate and the number will be recorded on their registration. Hospital birth certificates will not be accepted. This is a national Babe Ruth League ruling and cannot be waived.

League officials are also considering conducting a baseball shoe exchange for the players. Anyone wishing to sell a used pair of shoes is asked to call Paul Vardigan at ST6-1083.

## Sports In Brief

BUFFALO, N.Y. (AP)—Sherman Lewis, a 157-pound back from Michigan State, was named today to the East team in the All-America football game here June 27.

## Fight Results

By The Associated Press  
London — Billy Walker, 197, Britain, knocked out Bill Nielsen, 192, Omaha, Neb., 2.  
North Hollywood, Calif.—Tiger Al Carter, 196, North Hollywood, outpointed Manuel Ramon, 198, Mexico City, 10.  
Albuquerque, N.M. — Curtis Cokes, 147, Dallas, outpointed Tony Montano, 153, Phoenix, Ariz., 10.

CHALLENGING JOB  
LINCOLN, Neb. (AP)—Nebraska celebrates the 100th anniversary of statehood in 1967 and Nebraska Football Coach Bob Devaney has drawn one of the more challenging centennial assignments.

Devaney was appointed chairman of a centennial subcommittee whose job it will be to make certain that the Nebraska Cornhuskers play in one of the major bowls Jan. 1, 1967, so that half-time ceremonies can be used to call attention to the state's centennial.

Centennial Commission Chairman A. James Ebel of Lincoln, who made the tongue-in-cheek appointment, said there will be no objection if Devaney arranges for further television exposure in bowl game appearances in 1965 and 1966 as well.

SEVEN MILESTONES  
LEXINGTON, Ky. (AP)—Among the 700 basketball games won by Kentucky Coach Adolph Rupp, four of the milestones were reached on the home floor at Lexington and three on the road.

Georgetown, Ky., College was victim No. 100 of Rupp's Kentucky team; Xavier of Cincinnati 200 and 300; Mississippi 400; LaSalle 500 and Georgia 600 and 700.

HE TRANSCENDS THEM—Gerry Lindgren, right, is said to be the greatest high school distance runner ever developed anywhere, even transcending Bruce Kidd of Toronto at the same stage of their careers. Here he transcends—at least temporarily—another opponent.

## Giants' Torrid Twosome Wrecks Houston Colts

By The Associated Press  
Will Willie Mays hit .400? Well, if Juan Marichal wins 30 games, the Say Hey Kid is liable to bat .500.

The San Francisco Giants' torrid twosome continued to ravage the National League Tuesday night, punishing the Houston Colts 6-0.

Mays ran his average to an astronomical 478 with his 12th and 13th homers and a single in five trips. Marichal won his sixth game and trimmed his earned-run average to 1.73 with his second straight shutout.

The Giants' "M" boys are murder by themselves but when thrown against the opposition in combination it's tantamount to a nuclear holocaust.

As for Marichal, the veteran right-hander who won 25 games last year, is 12 days ahead of the pace he set in 1963 when he didn't win his sixth game until May 24. And the season started a week later this year.

For the record the last .400 hitter was Ted Williams in 1941 with .406. The last 30-game winner was Dizzy Dean in 1934 with .30.7. Modern baseball has never had a .400 hitter and 30-game winner on the same club.

In other NL games Tuesday, Milwaukee blanked New York 2-0 behind Hank Fischer's three-hitter; Pittsburgh nipped Cincinnati 3-2 in a four-hour, rain-interrupted marathon; St. Louis topped Philadelphia 4-2 behind Curt Simmons and Chicago nipped Los Angeles 3-2 on Dick Tracewski's ninth inning error.

In American League action, Minnesota routed Chicago 11-1; Baltimore blanked Washington 5-0; Cleveland edged Boston 6-5; Detroit snapped a five-game losing streak and a five-game New York win skinn 7-2 and Kansas City whipped Los Angeles 6-2.

Mays' three hits drove in four

runs and extended his batting streak to 19 games. After flying out in the first he battered Houston starter Skinny Brown for a solo homer in the third and a two-run shot in the fifth. His seventh inning single also drove in a run.

Marichal allowed just five hits and retired 14 in a row over one stretch while winning his 12th straight over a two-season stretch.

Milwaukee's Fischer faced just 29 batters and got all the runs he needed when rookie Rico Carty crashed his first major league homer against Met starter Alvin Jackson.

Cincinnati's Jim Maloney pitched four perfect innings before rain interrupted the Pirates-Reds game at Pittsburgh. After a 1 1/2-hour wait, play was resumed, and Maloney quickly lost his no-hitter and shutout when Smokey Burgess singled and ex-Red Gene Freese homered to tie it at 2-2.

After another 28 minute delay, the Pirates won it without a hit in the eighth on an error and a fielder's choice and two walks off Maloney.

Curt Simmons beat the Phillies for the 13th time in 15 decisions since they released him four years ago but needed eighth-inning help from Roger Craig to do it.

Leading 4-1, Simmons gave up a single to Tony Gonzalez and Danny Cater with one out in the eighth. Craig came on and after Gus Triandos' double delivered one run, the lanky Cardinal retired the side and blanked the Phils in the ninth to save it.

Tracewski fumbled pinch

# MADE IN PREMIUM TIRE MOLDS, THIS TIRE SHOULD SELL FOR \$30!

Because of limited quantities, we can only guarantee delivery this week!

The Mile-Saver is a brand-new tire with premium tire features built from our 1962 premium tire molds to be sold only during our 94th Anniversary. Because of limited quantities, only one in 700 car owners can own a pair of these special-production tires.

## State Tax Unit Men Coming

Interested officials and taxpayers of Schoolcraft County are invited to meet with the newly appointed chairman, Robert Purnell and Commissioner Ward Dixel of the State Tax Commission at 9 a. m., Wednesday, May 20 in the courthouse at Munising.

The commissioners will meet with Alger and Schoolcraft county tax departments to discuss various Upper Peninsula problems.

Henry V. Trippe, director of the Schoolcraft Tax Department said the meeting was one of general tax problems and individual appeals and complaints are not to be reviewed at this time.

Chairman Purnell was former director of the Macomb county department of assessment and equalization. He assumed his duties in January.

## MANISTIQUE

## Ask Legal Sale On Raw Milk

The City Council has requested legal opinion on a 1949 ballot proposition voted in the city, controlling milk sales.

The study and opinion was asked after announcement by John Watson, who sells raw cream in the community wished to sell or otherwise dispose of his business.

The Alger-Schoolcraft Health Department and the Michigan Department of Agriculture were represented at the meeting. Arthur Leid, dairy inspector and Donald Veese, sanitarian.

Both reported bacteriological counts on the Watson products had been exceptionally low and that no problems had been encountered with the unpasteurized products. They noted, raw milk is one of the transmitters of virus and other diseases and pasteurization is a protection against this.

Under Act 291 of the 1947 Michigan public acts, communities may exempt themselves from provisions of pasteurization law. The proposal on which local voters balloted in 1949 did not specifically state it was to exempt the area from

## LCW Banquet For Mothers, Daughters Held

The annual Mother-Daughter banquet sponsored by Lutheran Church women of Zion Lutheran Church was held in Augustana Hall Saturday at 6:30 p. m. with 140 attending.

The attractively appointed tables were decorated with large topiary trees made of assorted shades of net, with miniature individual trees for each guest. Lavender tapers completed decorations for the theme, "Lavender and Old Lace". Included in the program were greetings by Mrs. James Denman, devotions by Mrs. Earl Malloch, vocal selections by Susan Carlson, accompanied by Christine Mathson. The Mother and Daughter tribute by Mrs. Eugene Carlson and Donna Carlson; a piano duet by Sara Brandstrom and Joan Pawley.

A special feature on the program were selections by the high school male quartet consisting of Darryl Carlson, Peter Denman, Larry Weaver and Marvin Schmucker with accompanist—Christine Mathson. Presentation of awards was by Mrs. Glen Pawley. Gifts were presented to Mrs. Maurice Hellsten, grandmother present with the most grandchildren; to Mrs. Axel Larson, mother with the daughter who came the longest distance, (her daughter is Mrs. Tracy Larson, from the state of Washington), and to Mrs. Gerald Graphos, the youngest mother present.

The banquet was prepared by churchmen. Working were Pastor Ingmar L. Levin, Ed Jorgenson, Robert Jetty, Ed Mathson, Vern Ekstrom, Ralph Ekstrom, Eugene Carlson, Sam Gesko, Joe McDonough, Rudie Brandstrom, Leo Dean, Albert Backman and Rudolph Larson. The banquet was served by the following Luther Leaguers: Clifford Cool, Phillip Denman, Richard Pawley, James Mattson, Robert Reid, Larry Carlson and James Gundersen.

## Briefly Told

Schoolcraft County Young Democrat Assn. meets May 21, 7:30 p. m. at the courthouse.

American Legion Post 83 meets Thursday May 14 at 7:30 p. m. in the meeting room above the Harbor Inn. Lunch will be served.

Sunday School Church Teachers of Zion Lutheran Church meet Wednesday at 7:30 p. m. in Augustana Hall.

Manistique Rifle and Pistol Club meets Wednesday at the Club House. Trap shooting will start at 5:30 p. m. followed by 7:30 supper. Shells are available.

State Police ticketed William R. Keely, Flint passing on yellow line; Gordon R. Hoedel, 304 N. 2nd, allowing unlicensed minor to drive, Gerald Novvi, Chicago, speeding, Harley D. Brock, Gulliver, no registration plates on trailer, Noah W. Jacko, Germfask, speeding and defective brakes and Frances J. Weinert, Star Rte., improper passing of school bus.

Fines of \$15 and costs of \$4.30 were assessed in Justice Court against Paul A. Carpenter, 17, of Germfask, and Robert A. Zellar, 17, Germfask, on charges of larceny of gas from a car.

Edward J. Dixon, 23, of 328 Weston Ave., was assessed fine of \$25 and costs of \$4.30 in Justice Court on a charge of breaking and entering without permission. He is alleged to have removed a window to enter the Kane residence at 528 N. Houghton.

The Schoolcraft Co. Treasurer's office reported \$107,378.49 gas and weight tax has been received for the quarter ending March 31 for the County Road and High Fund.

George B. McFarlane, 715 Deer St. is a medical patient at Grace Hospital in Detroit. His address is 4160 John R. St., Room 353.

## Economic Study Planned In City

A detailed economic base study is to be completed for commercial and industrial areas of the city this year, as part of 2-year comprehensive planning program begun in Manistique last December.

Studies in progress are on residential areas, recreation, schools and public facilities. A population analysis and land use study was completed earlier.

Scheduled for the second year are studies of thoroughfares, future land use plans, zoning, subdivision regulations and capital improvements program.

The local planning Commission is working with Villacian-Leman Associates Inc., in preparing the master plan, which later will form the basis for decisions made by local school and municipal officials, business and industrial persons, and agencies.

The long range plans are used for evaluation, and carrying out action in economic, social, physical or political matters. The land use plan is a tool which aids in directing use of resources and action for common objectives.

The Commission cites that the master plans entail an analysis of existing conditions, suggests methods for solving problems and capitalizing on assets.

## Forty Hours Starts Sunday At St. Francis

The annual Forty Hours Adoration of our Lord in the Blessed Sacrament will open at St. Francis de Sales church with a High Mass of Exposition Sunday at 8 a. m.

Sunday and Monday evening services will be at 7:30 p. m. Eucharistic sermons will be by The Rt. Rev. Edmond C. Szoka, J. C. L. pastor of St. Christopher's Church, Marquette, and assistant chancellor of the diocese. Sunday evening the sung litany of the Blessed Virgin Mary will be chanted by the choir and congregation. Solemn closing of the Forty Hours will feature the Procession of the Blessed Sacrament Monday evening.

A large number of visiting priests will be available for confessions Sunday and Monday night. Members of the parish are reminded to use the opportunity to make their Easter duty. The Sunday Mass scheduled will be as usual. Monday Masses will be offered at 6:30 and 8 a. m., and 7:30 p. m. Holy Communion will be given at all the Masses.

## Hospital

Admitted to Schoolcraft Memorial Hospital were Rebecca Chatter, 118 S. 1st, Everett Pasino, 306 Chippewa, Wayne King, 312 S. Maple, David Erickson, 722 Garden, Paul Messier, 625 Park, Oscar Peterson, 319 Schoolcraft, and Gregor McGregor, 220 Chippewa on May 11; Elizabeth Sandilla, Chicago, Carol Anderson, Rte. 1, Boy Burns, Tannery Road, John Struble, 312 Lake, and Elma Swanson, Indian Lake, May 10; and Jacqueline Perkins, Naubinway, Barbara Anthony, Engadine, Gilbert Fyvie, McMillan, Leona Edwards, Engadine, and Leona Beaudry, Rte. 1, May 9.

Discharged were Sylvia Swisher, Elma Swanson, Elizabeth Sandilla, Carl Levin, Marjorie Richards, Debbie Hughson, Roy Burns, Austin Swayer, Wanda Brock, Loretta Cowell and baby, Paul Messier, Betty Watson, Jacqueline Sanders and baby, Tammy Hollister and Joan Snyder.

## Personals

## Ask Enforcement Of City Curfew

Mayor Merwin White reported at the City Council meeting Monday night several had contacted him regarding enforcement of the youth curfew ordinance and the Council asked that the manager seek police enforcement of it. Three church pastors and officials were included in those who contacted him, Mayor White said. The ordinance requires youngsters under 16 be off the street by 10 p. m.

Approval was granted for substitution of the name of the Emerald Motor Club on the lease Jaycees earlier obtained to aid the club in starting. The property is near the Soo Line track. A Go-Kart track has been built and the area fenced, at cost of \$2,000. The group is in a position now to obtain insurance, it was reported. Charles Varnum abstained from Council voting on it, stating he had a financial interest.

A 30-day extension was granted in condemnation proceedings on property at 210 N. 5th, and a report was heard from the city manager that four other structures are being reviewed for possible action. Also being considered is an ordinance governing keeping junked car bodies, old lumber and other materials on lots, he said.

A tavern dance permit for Callihan's was approved. Consideration of extension of the dancing permit time to 2 a. m., the same as liquor sales, instead of 12 o'clock was deferred.

A request was presented by Stanley Rochefort, N. 4th St., for improvement to his water line, and Einar Gustafson asked for a manhole installation near his property. The Council asked a cost check on the water line request and noted the need for sanitary sewers, separate from storm sewers, and an overall study of this.

Gustafson and John Blomquist noted the city needed a nursing home facility, similar to Cloverland lodge, to care for the helpless crippled elderly before it needs senior citizens rental apartments.

A further communication was received from Peterson Builders of Sturgeon Bay regarding a request for federal assistance to control the levels of Lakes Michigan and Huron, citing that the navigable water bodies should not be lowered beyond natural levels. The letter answered an exception made by a Milwaukee port official citing low precipitation as a reason for the low water levels. Mayor White reported at the recent U. P. supervisors' meeting, he had read the letter and several supervisors had requested copies.

Action was deferred on revision of grave opening charges. Invitations were conveyed for the industrial appreciation banquet May 19.

## Women's Pin Roll-off Held

A play-off between the Monday and Wednesday night league winners at Lakeview Lanes, and the winner of the Lady Elks Bowling League was held May 8, at the Elks Club. The winner, who will receive Manistique Women's Bowling Association Traveling Trophy, was the Lady Elks Rexall team. Their score was 2330. Manistique Oil Co. tied with Hammerheads for a 2104 score. Members of the Rexall team, are Marcella Quick, Barbara Chatter, Bernice Mathson, Florence Pawley, Gloria Ebbi and Jeanne Larson.

The Lady Elks Bowling League held their bowling banquet at the Arrowhead Inn. New officers elected for the 1964-65 season are: Mrs. Donald Ott, president; Mrs. William Males, treasurer and Mrs. Edward Mathson secretary. The Rexall team won the championship by defeating the Corvettes. Barbara Chatter picked up the 3,7, 8 split.

## Hospital Auxiliary Planning Dinner

Schoolcraft Memorial Hospital Auxiliary will hold its spring dinner May 25 at St. Francis de Sales school hall at 6:30 p. m. A program has been planned. Members are asked to bring a new member. Members will be contacted for tickets.

## Social

## Visit Nursery

Brownie Girl Scout Troop 9 of Lakeside School visited Wyman Nursery Monday. Girls who made the trip were Gail Baker, Sally Brandstrom, Linda Brock, June Prinz, Gail Schwartz, Kathy Selling and Wendy Wallace. They were accompanied by their leaders, Mrs. W. J. Wallace and Mrs. Francis Kasun. A tour of the nursery was conducted by Carlton Hollister, manager who showed the troop cones and seeds, from which trees grow; telling the age of a tree, and how trees are banded for planting and shipping.

They were also shown the proper way to plant a tree and each girl was given a seedling to plant.

## Legion Auxiliary

American Legion Auxiliary met Monday at the Youth Center. Mrs. Alex Cooper read a bulletin on the 44th Convention of the Upper Peninsula Legion Post and Legion Auxiliary units, which will be held June 11-14. Mrs. Marvin Mercier, president will be a delegate. The annual "Poppy Day" will be May 21-23. A white elephant sale was sponsored, followed by card games. Awards in Canasta went to Mrs. George Stevens and in bunco to Mrs. Walter Davenport. The next meeting will be June 8 with a white elephant sale. Potluck was served.

## Study Club

"Schoolhouse": What to do when your neighborhood needs a school, produced by Joint School Research Project, was the subject of a review presented to members of the Study Club. The meeting was held Monday evening at the home of Mrs. Carl Makel with Mrs. Charles Atwater assisting Mrs. Ian McKilligan as guest. The next meeting will be the annual potluck dinner which will be held at the John Orr

1. Card of Thanks  
Brown

It is with a feeling of sincere gratitude that we take this means of expressing our heartfelt thanks to all for acts of kindness. Deep appreciation and thanks to friends and relatives for their kindness shown us in the death of our beloved husband and father, L. C. Brown. We are grateful to Rev. Karl Hammar and Rev. Robert Selberg for their comforting words.

Mrs. L. C. Brown  
& Family

## Dailies Split Stock 3 For 1

BATTLE CREEK (AP)—Federated Publications Inc. Monday approved a three-for-one stock split of the company's 500,000 shares of common stock.

Federated stockholders, at the company's annual meeting, also approved an increase in the number of directors and changes in corporate officers. Joseph F. Deeb of Grand Rapids, Mich., and Edgar S. Noland, president of the Ohio Company of Columbus, were named new board members. The elections increased the size of the board from eight to nine members.

Deeb is a vice president and legal counsel for Federated.

Paul A. Martin of Lansing, Mich., was named director and secretary emeritus. Martin retired three years ago as editor

and publisher of The Lansing (Mich.) State Journal. He had been a director and secretary of the company for many years.

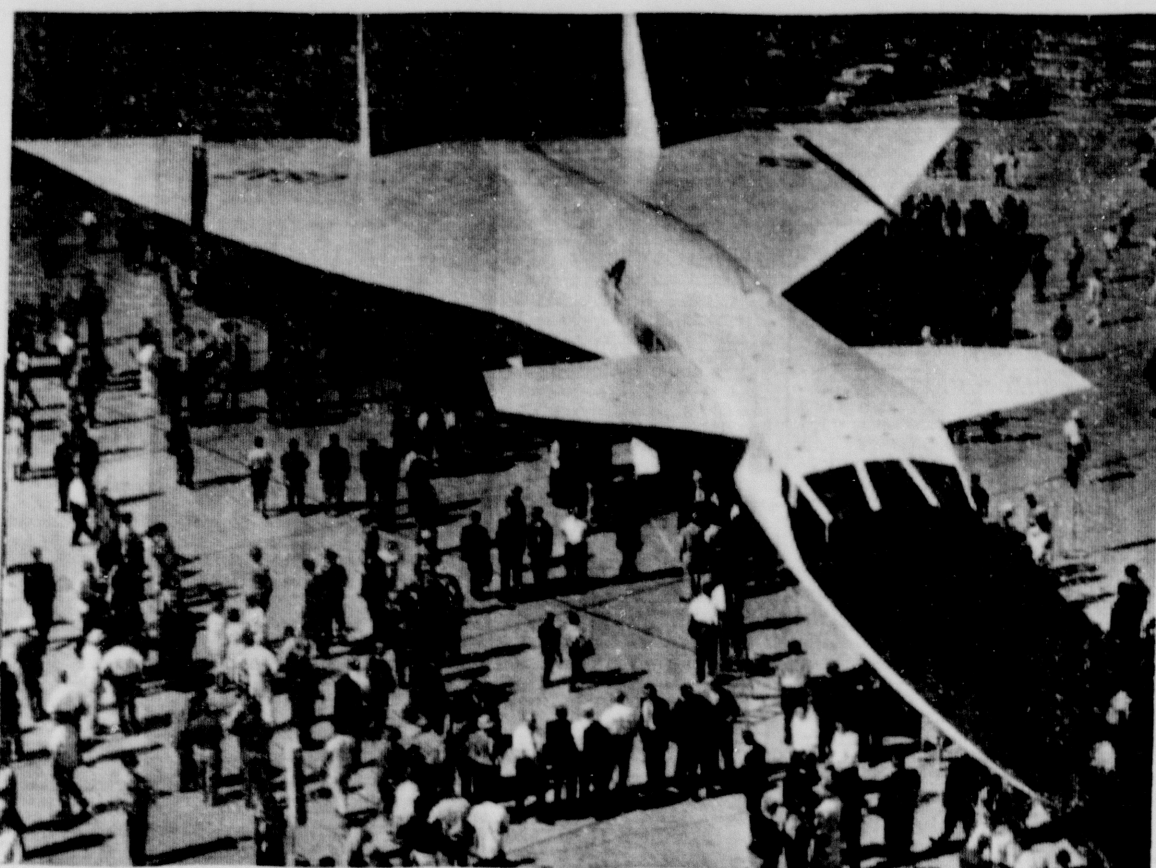

Other directors reelected were Ewing T. Boles, Columbus; Joseph R. Chema, Battle Creek; Henry C. Hawk, Battle Creek; Robert B. Miller, Battle Creek; John A. Scott, Lafayette, Ind.; Gardner J. Thomas, Marion, Ind.; and Louis A. Weil Jr., Lansing.

Miller was reelected executive chairman and Weil president.

Other company officers named were Chema, vice president and treasurer; John A. Christensen, Columbus, secretary and counsel.

Federated Publications published The Battle Creek Enquirer News; The Lansing State Journal; The Journal and Courier, Lafayette, Ind.; The Marion, Ind., Chronicle Tribune, and The Statesman newspapers of Boise, Idaho.

The company also operates radio station WMRA-FM, Marion, Ind.

## Comfort Building Is Wells Park Offering

John W. Wells State Park at Cedar River will open its season with an open house of its facilities from 1 to 5 p.m. Sunday, May 17, announces Park Manager Arthur Lauren.

Wells Park has an area of 974 acres along three miles of Green Bay. It includes extensive picnic area with sandy beach, two toilet and shelter buildings with fireplaces at the south end of the picnic area and a bathroom with toilets at the north end of the area. A well equipped playground for children is nearby. A hardball diamond is located between the picnic area and the campgrounds.

The campground has 150 lot sites, with two combination toilet and shower buildings and an activities building with a fireplace and a wood cooking

range for the convenience of campers. Three quarters of the sites have electricity available and water taps are conveniently located throughout the area.

A playground with equipment for children is near one of the toilet buildings and an outdoor center is a half mile north of the campgrounds. It has 5 cabins, furnished with bunks and mattresses, a combination toilet and shower building and a large kitchen-dining hall fully equipped for cooking and serving meals.

The center will accommodate up to 80 persons and may be reserved by organized groups. A public fishing site and a state park rowboat concession are near the mouth of the Cedar River.

The park was established in 1925 and the bathhouse and concession built in 1930. Much of the construction was done with CCC labor during the 1930's and early 40's, and 30,000 maple and pine trees were planted in 1934, construction at outdoor center started in 1935, toilet and shelter building at south end of picnic area in 1940. From 1946 to 1949 construction of campgrounds and buildings took place in the new area to the north of the picnic area. Previously, camping area was located at the south end of the present picnic area. During 1949 to 1951, additional construction was performed at the outdoor center.

During 1963, camping permits totalled 3927 new permits and attendance was 88,382. Part of the area that is now the John W. Wells State Park

was originally owned by a Samuel Crawford who later sold it to the heirs of John Walter Wells, Menominee lumberman. Wells family deeded to the state about half the present area of the state park as a memorial to him.

Newest developments in the park and the toilet building at the north end of the campground, water and sewer lines to service the building, and filled, graded and seeded campsites near the new building. The toilet building was built by Peter Rose of Stephenson with money from the bonding program, financed by the park motor vehicle permit stickers. It has the latest off-the-floor fixtures, toilets, lavatories, showers and a laundry room. The exterior is finished in a stained wood and the interior has glazed tile walls, metal stalls and quarry tile floors.

An estimated \$170,000 was spent by campers and day users in the vicinity during the 1963 season.

Local people sponsoring the open house are: Joseph Gucky, Joseph Lacombe, Kenneth Rickaby, George Beaudoin, Joseph Beaudoin, Francis Menacher, Herbert Corey of Stephenson; State Senator Kent Lundgren of Menominee; and State Representative Cliff Perras of Nadeau.

## Detroit School Teachers Pick AFL-CIO Union

DETROIT (AP) — Detroit's public school teachers chose an AFL-CIO union group Monday to represent them in bargaining with the board of education and school administration.

The city's 10,000 public school teachers voted 5,739 to 3,848 for the Detroit Federation of Teachers (DFT).

The election was the climax to a power struggle between the DFT and its rival teacher organization, the Detroit Education Association (DEA).

The DFT is a relatively new organization in education. The long-established DEA is a professional group affiliated with the giant National Education Association.

**Organizations Clash**  
The two organizations have clashed in similar disputes in New York, Milwaukee, Minneapolis, Cleveland, Chicago and other cities.

In a showdown vote in Milwaukee earlier this year, teachers defeated the AFL-CIO American Federation of Teachers.

In winning the Detroit election, the DFT gained rights as sole bargaining agent for the teachers in areas of salary, status, teaching conditions and personal welfare.

It will appoint an 11-member Teacher Representative Committee to discuss problems with the school superintendent and administrators. Any agreements reached will be sent to the Board of Education which retains authority to make final decisions.

**Mediation Provided**  
"Now we face the real challenge of bargaining with the board to make for better education for the schools," said DFT President Mrs. Mary Ellen Riordan.

Although the DFT will be the negotiating agent, the DEA or any individual teacher can still ask to be heard by the board on grievances and other matters.

If a deadlock ensues in negotiations between the DFT-dominated Teacher Representative Committee and the superintendent, a conference committee made up of board members, teacher representatives and the superintendent will be appointed.

If there is still no agreement, a special mediation committee would be appointed.

## State Operating Budget Fares Well For '64-'65

LANSING (AP) — The state operating budget for the 1964-65 fiscal year will wind up at \$629.1 million — one third of a per cent less than asked by Gov. George W. Romney.

This was the report today from Controller Glenn Allen Jr., who said he felt the administration had "fared very well indeed" in legislative consideration of the proposed spending plan.

In one major adjustment, however, the legislature will approve a \$20 million appropriation from the state's surplus to pay off liquor bills, which have lagged behind since the 1959 cash crisis, Allen said.

This move will put Michigan's estimated operating surplus at the end of the 1964-65 fiscal year at \$37.1 million. Without the liquor payment action, it would have been \$57.1 million.

The final operating budget total of \$629.1 million is \$2.3

million less than the \$631.4 million requested by Romney in his original and supplemental budget messages to lawmakers.

Although budget-writing committees in the House and Senate made numerous internal changes in the governor's proposed budget, the administration wound up with nearly everything it asked, Allen said.

Lawmakers held spending below what Romney asked in liberalizing aid to the aged, mental health and retarded children, community college and capital area development building, economic expansion, teacher retirement funds and other items.

But they also approved spending beyond what Romney had sought for college building programs and an extra \$5 million for Veterans Trust Fund repayment.

The figure of \$629.1 million is about \$80 million more than the

comparable figure for 1963-64 when lawmakers exceeded Romney's \$547 million budget proposal by about \$3 million overall, for a final figure of \$550 million.

Allen said the figure includes \$5.7 million for an across-the-board increase of \$3 per pupil in the school aid formula — a proposal still in dispute in the legislature.

Allen explained the actual figure on operating expenditures in 1964-65 will be \$696.2 million, but this figure includes \$67.1 million which is added to the school aid fund from the primary school interest fund.

The latter fund is abolished by the new constitution.

### WAY TO RETIRE

TALLAHASSEE, Fla. (AP)—William Roever, a former New Jersey state employee, has enrolled as a Florida State University freshman at the age of 71.

He says the best way to spend retirement is "doing what you've always wanted to do but never had time for."

Roever is studying theater arts. He's also enrolled in a beginning swimmers' course.

He is a former field investigator for the New Jersey division of employment security.
